Raybestos-Manhattan, Inc.,
Bridgeport, Conn.

Re: Asbestos Dust Experiments

Dear Mr. Simpson:

I have for acknowledgment yours of January 9, 1937 from which I note that Union Asbestos & Rubber Company has agreed to participate, to the extent of $250 per year, in the underwriting of Dr. Gardner's experiments.

I wish to thank you also for letting me have the copy of Dr. Gardner's letter of January 2nd. I assume these 70 cases of alleged asbestosis, upon which the North Carolina State Industrial Commission desires the opinion of Dr. Sampson, are those reviewed by Dr. Shull in the September issue of RADIOLOGY.

Very truly yours,

Vandiver Brown
