CIVIL ACTION NO. 5402

MOTION OF DEFENDANT, OWENS-CORNING FIBER GLASS CORPORATION, FOR MORE DEFINITE STATEMENT

Comes now Owens-Corning Fiber Glass Corporation, one of the defendants in the above styled and numbered action, and in response to Plaintiff's Original Complaint moves the Court for an order requiring plaintiff to make a more definite statement as to his alleged claim for relief with respect to the following matters:

-1-

The date, place and manner that plaintiff claims he was required to handle and come in contact with insulation compounded, manufactured and prepared by this defendant.

-2-

The name of the employer for whom the plaintiff was working at the time that he claims he was required to handle and come in contact with insulation compounded, manufactured and prepared by this defendant.

-3-

The manner, place and time in which plaintiff claims that any of this defendant's insulation products came in contact with or were handled by the plaintiff.

In this connection, this defendant says that plaintiff's complaint with regard to these matters is so vague and ambiguous that this defendant can not reasonably be required to frame its answer thereto.
