CIVIL ACTION 5402

Designation of Doctors Who Might Testify in Behalf of Defendant, Gustin-Bacon Manufacturing Company

Pursuant to court order dated June 14, 1968, defendant, Gustin-Bacon Manufacturing Company, submits the following list of doctors who might testify and the general nature of the testimony to be produced, to wit:

(1) Dr. Irving J. Selikoff, 505 Upper Boulevard, Ridgewood, New Jersey. The general nature of the testimony expected from this doctor is that asbestosis is a disease caused by exposure to asbestos only and asbestos fibers must be present to cause such disease.

(2) Cross-examination of any other doctors called as witnesses to establish that asbestosis cannot be caused by exposure to products composed of glass fiber bonded by phenolic resin.

(3) Should there be testimony that plaintiff's condition is related to exposure to products containing glass fibers, defendant expects to consult medical experts to determine whether the limited exposure to any product allegedly manufactured by this defendant could have brought about plaintiff's condition. The names and addresses of these doctors are not presently known since they have not yet been consulted as there has been no such testimony produced as yet in this case.
