From: R. E. Joyner, M.D.

Subject: Safety Precautions - Asbestos Fibers

Gentlemen:

Recently you received a letter signed by P. G. Bonin of Consumer Products Division relative to the hazard of asbestos fibers. I do not disagree with Mr. Bonin's letter except in one respect: If additional information as to sampling and analysis is required it should be obtained from company medical and industrial hygiene offices instead of involving the Federal Government.

If you are aware of any possibility of asbestos dust hazard within your areas please let me know as soon as possible.

Very truly yours,

R. E. Joyner, M.D.
