OBJECTIVE

Determine status of RG-600 interest.

DISCUSSION

Our original contact, Homer Hairston, was off work due to illness so Thrasher pinch hit for him. Thrasher knew nothing, volunteered little and had no interest in asbestos. Utex uses some Cab-O-Sil so Charles accepted a brochure on RG-244 and said he would pass it along to Homer who might have "some" interest in it.

Checked back on 9/18/75 and Hairston was still sick.
