OBJECTIVE:

Determine status of RG-600 evaluation.

DISCUSSION:

Lou Gable has had a job re-assignment and indicated any further intercourse should be with Dr. Arthur L. Baron, Dir. of Process Research at Mobay, New Martinsville, W. (B.G.) Va., 305-455-4400. Their only interest would be in reinforcing polycarbonate.

GLD will contact Art Baron to determine extent of interest. (Chances are poor that RG-600 will do much for polycarbonate.)
