Mr. Thurber:

3/24

Dr. Welsh (extension 3101) called. He was talking to Dr. George Wright of Johns Manville in Denver (303-770-1000 extension 3800). Dr. Wright would be willing to give an opinion but won't be able to do so until he gets the data for the dust counts when it was sprayed. He would want it from an actual installation where it is being sprayed.

Dr. Welsh will be in the office tomorrow morning if you want to talk to him further before you call Dr. Wright.
