Dear Mr. Nolan:

Your letter to our Mr. Rush on an interested buyer for our asbestos mine and plant was referred to me. It reached my desk while I was away and hence the rather tardy reply, for which I apologize.

The matter should not be pursued at this time since it is our intent to continue aggressive operation of this business. It is possible that we might wish to consider selling the business at some time in the future. If such a decision is made, we would be glad to let you know about it.

I have attached one of our more recent descriptive brochures in which you may be interested.

Yours very truly,

Franklin D. Dexter
Manager - Asbestos

Dear Mr. Rush:

As Brokers, we believe we have a Buyer with worthy interest in the purchase of your Coalinga, California asbestos mine and processing plant.

May we have your advices as to whether or not you wish to pursue this matter?

Our Buyer will compensate us for our services and you have no obligation thereto.

We await your advices.
