Dear Mr. McDaniel:

Enclosed are dust particle counts taken on December 29, 1967. It should be noted that the entire bagging area has been enclosed and is a "NO SMOKING OR EATING" area. All personnel working in this area are required to wear respirators.

Weather: Gentle wind from the south west, fair, 55°, high purity open being bagged. There are still plans for reduction of dust in this area.

SAMPLE		COMMENT	MPPCF
59	Bagging room	Large quantities of visible dust Doors closed, personnel wearing respirators.	11.7
47	Bagging room	Same as above	12.5
24	Lab	Routine work being performed, fume hoods in operation	2.3
26	Lab	Same as above	3.0
93	Rock Fiber Circuit	Normal Operation	3.7
69	Refiner Circuit	Normal Operation	3.8
65	Office Building	These were taken due to south wind blowing	2.1
71	Maintenance Building	Same as above	2.1
68	North Parking Lot	Dryer exhaust in this direction	4.4

Very truly yours,

D. S. Kamens
