Subject Carmex Contract

In a phone discussion with John Malloy, Law Department, Danbury, he advised that although the new contract between UCC, Danbury and UCC, Mexico City (Carmex) was written, it was not finalized. At this stage asbestos is still excluded and not subject to a sales commission. Previously we had been advised by A. Balmaseda, Law Department, UCC, Mexico City that all exclusions present in the existing contract were to be corrected in the new revised contract and that asbestos would be subject to future sales commissions. Mr. Malloy advised that it was his intention to continue to exclude asbestos sales from paying any sales commission. Contract should be finalized in the near future.
