Subject S.P. Contract #ICC-SP-C-1123
King City to Nogales, AZ

Attached is a copy of the contract between Southern Pacific and Union Carbide for shipments of asbestos to Nogales, AZ, thence to Mexico City.

Cost escalation is provided for in the contract when the carrier's costs increase, and is a standard part of all Union Carbide contracts with railroads.

We received notification today (also attached) that the rate was increased from 2.30 cwt. to 2.42 cwt., effective 1/1/84. Our first shipment of 1/11/84 resulted in a cost difference of $168.18 (140,140 lbs.).

By copy of this memo we are asking our Danbury office to notify us by phone and TWX when there is another increase, in order to be sure the customer forwards the correct amount to cover the freight charges which, according to the terms of the contract, must be prepaid by Union Carbide.

Please call if you have any questions.
