CALL OBJECTIVE:

Follow up on request for literature on "Calidria" asbestos

RESULTS OF CALL:

This is a research service organization who receives requests for raw materials and products from companies all over the world. Our literature was received and passed on to the interested party - and that was the end of the whole affair as far as Standard Purchasing is concerned. As expected they would not reveal the inquiring company.

FOLLOW-UP ACTION REQUIRED:

Realized after I found the place that I had been here before. Also known as Berliner Research. Drop effort!
