- ☐ Dust Count Report
- ☐ Other, specify below

PLAINTIFF'S EXHIBIT UC-626

PERSONS INTERVIEWED: Plant Foreman

CALL OBJECTIVE: Follow up on request for RG-144 information by Mr. Tortorci (owner).

RESULTS OF CALL:

Dux uses a small amount of J-M Grade 7, but is unable to obtain it from their normal distributor who has stopped reselling asbestos. Mr. Tortorici is on vacation in the Virgin Islands so I talked to their plant foreman who also appears to be their chemist. Very small potential here, but was able to get in a plug for RG-244 as a replacement for pyrogenic silica. Left literature and price schedule.

FOLLOW-UP ACTION REQUIRED:

No further action required unless they contact us.
