PERSONS INTERVIEWED:

Plant workers

CALL OBJECTIVE:

Call made on CALIDRIA prospect in coatings.

RESULTS OF CALL:

Arrived at Duration's address, which still had the sign on the door, but when I walked in the plant I found a couple of workers nailing wooden trellises together. As this seemed a strange line for a paint company, I asked one of the workers if I was in the right place for Duration, and he said that up till about 3 weeks ago I would have been but they folded and were out of operation now. The plant is being leased monthly to a new firm making decorative trellis products.
