PERSONS INTERVIEWED: Oliver (Ollie) R. Volk: Staff Chemist - Raw Materials Group

CALL OBJECTIVE: Follow up on several requests by Bob Davenport for samples and literature on RG-244.

PLAINTIFF'S EXHIBIT UC-628

RESULTS OF CALL: Apparently, it is one of Bob Davenport's duties to request samples of raw materials, although he does not get involved in their evaluation. He works for Ollie Volk, who has only recently taken over as head of this group. Did not know who requested the samples or why, but promised to follow up on them. Toxicology and OSHA also discussed and it became clear that DuPont is trying to use as little asbestos as possible in most of their operations.

FOLLOW-UP ACTION REQUIRED: Contact Ollie Volk by phone in a weeks.
