- ☐ Dust Count Report
- ☐ Other, specify below:

PLAINTIFF'S EXHIBIT UC-664

PERSONS INTERVIEWED:

Mr. Byrd President

CALL OBJECTIVE:

Call made on CALIDRIA prospect manufacturing coatings.

RESULTS OF CALL:

We had talked with Byrd a couple of years ago as they were and still are a canadian asbestos user in their roof coating products line. They manufacture a straight black and aluminized coating and the advantages of HPO as an aluminum extender was pushed but before the ball could really get rolling Byrd advised that all of their technical work was now being done by Sampson Paint who now owns them. Byrd suggested we see Pete Hubicki the Sampson T. D. and discuss our line with him as he is the descision man and Alcatroz will use whatever he specifies.

FOLLOW-UP ACTION REQUIRED:
