CUSTOMER CALL REPORT

CUSTOMER & LOCATION: CONOCO INC.
HOUSTON, TX

INDUSTRY CLASSIFICATION: GREASES

SALESMAN: T. P. NORRIS REGION: WESTERN DATE OF CALL: 12/3/81

ASBESTOS HEALTH & REGULATORY DOCUMENTS PROVIDED:

- ☐ MSDS
- ☐ Health & OSHA Information Blue Book
- ☐ Dust Count Report
- ☐ Other, specify below

PERSONS INTERVIEWED: Henry Glamann, Senior Staff Eng.

CALL OBJECTIVE:

Initial call to determine potential market for RG-244. Call made with Phil Henry, D & F Distributing.

RESULTS OF CALL:

Mr. Glamann is concerned that dry asbestos would cause Union problems at his plants. The Oil, Chemical and Atomic Workers Union represent employees at all Conoco plants. If we were able to bring the asbestos to his plants in a wet-out manner, naturally this problem would not exist. Although he declined samples, he did request we keep him informed of our progress. At the present time both soap and non-soap greases are produced. Asbestos is not used.

FOLLOW-UP ACTION REQUIRED:
