Niagara Falls

Mr. E. Kleber
Mrs. T. M. Nielsen

Marietta has agreed to include all Calidria asbestos export sales on the monthly computer scroll. In order to accomplish this, it is necessary that a requirements card be generated for each product by each consuming location no later than January 24. The attached list summarizes the requirements cards which should be generated based upon 1973 export sales experience.

Additional requirements cards will, of course, be required for new products at new consuming locations as such orders are received.

Please contact Thelma Nielsen regarding the information which will be required on the requirements cards.
