We have begun to receive a number of requests from our customers for assurance that Union Carbide plans to comply with the registration requirements of the Toxic Substances Control Act. You can be sure that we intend to make every effort to do this and you can make this intent known to the customers. A simple format to do this is illustrated by the attachments. There is no reason that you cannot answer over your own signature, but please send blind copies to the writer and to Dr. C. R. Allenbach at Niagara Falls.

If you have any questions or other problems, please let me know.

H. B. Rhodes

Mr. R. E. Heinerman
Purchasing Agent
Kimberly-Clark Corporation
Munising Paper Division
Munising, MI 49862

Re: Toxic Substances Control Act Inventory of Existing Chemical Substances.

Dear Mr. Heinerman:

This is in reference to your letter of May 31, 1977 asking that we confirm our intention to comply with the inventory reporting requirements of the subject legislation.

We are making every effort to assure that the products we now manufacture and sell to you, i.e., Asbestos Fiber H. P. Pellets, will be included as "existing chemicals" on the final inventory list to be listed by the EPA.

Please let us know if we can be of further assistance.

Very truly yours,

Harrison B. Rhodes

Re: Toxic Substances Control Act Inventory of Existing Chemical Substances.

Dear Mr. Loughlin:

This is in reference to your letter of June 16, 1977 asking that we confirm our intention to comply with the inventory reporting requirements of the subject legislation.

We are making every effort to assure that the products we now manufacture and sell to you, i.e., "Calidria" RG-144 and RG-244 (your designation BF 935/2120 and BF 956/2121) will be included as "existing chemicals" on the final inventory list to be issued by the EPA.

Please let us know if we can be of further assistance.

Very truly yours,

Harrison B. Rhodes
