Dear Mr. Miller:

The information requested by you during your inspection of our Texas City Plant on December 13, 1978, has been assembled. By way of this letter I am providing you with the following documents:

1) A letter from D. H. Glenn, M.D., that describes the status of the epidemiological information.

2) A list of products handled by the In-Plant Distribution Department. Please note that no quantities have been provided.

3) A list of employees who are currently employed in In-Plant Distribution which includes their date of employment (CSD), employee number, craft code and craft name, building where assigned, phone number, and current job assignment.

4) A computer printout of all Industrial Hygiene monitoring performed in the last three years in this area.

5) A layout of the drumming room.

6) A plant map.

7) Drumming Local Exhaust Ventilation Parameters:

a. Working Budget Scope Document.

b. Flow diagram -- Ventilation of Drum Rooms -- Bldg. 19. Face velocities at hoods have been added to this diagram.

c. Drawing #736887 -- "Piping - Ventilation Duct Fabrication Details - Ventilation of Drum Room".

d. Drawing #736974 -- "Piping - Ventilation Duct and Steel Support Fabrication Detail - Ventilation of Drum Room".

e. Drawing #A-170899 -- "Extension to Shipping Bldg/ARCH 2nd Floor Plan and Details".

UCTC 20889

The information conveyed via this letter need not be considered confidential. However, the epidemiological data, when released, will probably need to be considered as confidential.

Your willingness to allow us time to gather this information is appreciated. Should you desire further discussion of the data, please contact me at 948-5488.

Respectfully,

Harvey R. Schulz
