SUBJECT

Dear Harvey:

We have committed ourselves to informing Richard Miller, OSHA Industrial Hygienist, of the next ethylene oxide filter change. We plan to change this filter on October 16, 1979 in conjunction with a scheduled Ethylene Oxide Derivative Unit shutdown. Preparation of the filter will be October 15. The OSHA hygienist requested to be here only during the changing, October 16.

Please take the appropriate steps to schedule the necessary visitors into the plant. I will be available to help you in any way possible. If you need more information, let me know.

Sincerely,

Sam Norwood
