PRESS STATEMENT IF NEEDED ON SAVANNAH HOSPITAL INCIDENT

"Calidria" Asbestos RC-244, produced by Union Carbide, is a unique short-fiber crysotile asbestos that is widely used in caulks, sealants, underseals, flooring, and other applications where it is solidly embedded in a resin material. When "Calidria" asbestos RC-244 is carefully added to a resin according to instructions, the presence of asbestos fibers in the air will ~~be well below levels considered safe by~~ meet the Environmental Standards set by the Occupational Safety and Health Administration (OSHA).

The crysotile form of asbestos ~~is generally considered to be a relatively harmless form of asbestos that can be a health hazard only when inhaled in large quantities over a long period of time~~ can be used safely when prescribed procedures are followed. Union Carbide has mined and purified this asbestos ~~at King City, California~~ in Union Carbide Asbestos for over 20 years. Workers ~~there~~ get annual physicals that show that they are as healthy as non-asbestos workers. Examinations

-30-

and no pattern of adverse health ~~have been determined~~ effects (~~effects~~ illnesses) has been found.

PRESS STATEMENT IF NEEDED ON SAVANNAH HOSPITAL INCIDENT

RECEIVED
JUL 15 1983
E. V. McMILLEN

"Calidria" Asbestos RG-244, produced by Union Carbide is a unique short-fiber crysotile asbestos that is widely used in caulks, sealants, underseals, flooring, and other applications where it is solidly embedded in a resin material. When "Calidria" asbestos RG-244 is carefully added to a resin according to instructions, the presence of asbestos fibers in the air will ~~be well below levels considered safe by~~ meet the STANDARDS set BY the Occupational Safety and Health Administration (OSHA).

The crysotile form of asbestos is generally considered to be a ~~relatively harmless~~ less hazardous mineral form of asbestos that can be a health hazard only when inhaled in ~~large~~ quantities over a long period of time. Union Carbide has mined and purified this asbestos ~~at King City, California~~ for over 20 years. Workers there get annual physicals that ~~show that~~ they are as healthy as non-asbestos workers.

AND no adverse health effects based on asbestos has been observed, ~~[illegible]~~
