CHEMICAL DIVISION CHRYSLER CORPORATION

May 26, 1972

CALIDRIA ASBESTOS
Union Carbide Corporation
4625 Royal Avenue
Post Office Box 579
Niagara Falls, New York 14302

Attention: Mr. T. P. Norris, Sales Manager, Midwest Region

Gentlemen:

I am in receipt of your letter of May 22, 1972, wherein you increased the price of your RG-244.

In-as-much as this increase exceeds 2½% and $500.00 annually, would you please complete the attached forms.

Upon satisfactory completion, I will proceed with the necessary approvals for your increase.

Very truly yours,

CHRYSLER CORPORATION

YOUR PART F-1423

Dear Mr. York;

It was a pleasure meeting with you on May 11, and I appreciate the time you spent with me even though I was hours ahead of my scheduled appointment.

As we discussed with you the Calidria Asbestos Dept. intends to lower the cost of C/L (18,200 lbs.) purchases of our RG-244, and to raise the T/L (5,950 lbs.) cost to better reflect true freight rates from our King City, Calif. plant to our various warehouses, Livonia, Mich. included.

Therefore effective 7-1-72 new T/L prices from the Livonia warehouse will be, net prices, cents per lb.

Present Price	Effective 7-1-72
65.0	69.0

C/L price showing current freight rates to Trenton, Mich.

Present Price	Effective 7-1-72
60.0	57.0
7.13 Freight	7.13 Freight
67.13	64.13

By purchasing in C/L quantities you will be saving almost 0.01/lb. over the current T/L price, and almost 0.05/lb. over the proposed new T/L price. We are now accepting C/L orders at the new price delivered to Trenton, Mich. @ 64.13 cents per lb.

Very truly yours
T. P. Norris
Sales Manager, Midwest Region
