MATERIAL SAFETY DATA SHEETS INDEX

IMPORTANT:

A Material Safety Data Sheet listed herein presents the latest data and information available at the time of issuance for the product it covers. Such data and information are subject to change without notice.

At Union Carbide, Chemicals and Plastics, we review all issued Material Safety Data Sheets on a regular biweekly basis and reissue updated editions whenever warranted.

Recipients of our Material Safety Data Sheets Manual receive *free-of-charge* all new and updated editions immediately upon their issuance.

For the convenience of our customers who may have an inventory of a product that we currently are not marketing — or who have a need to receive a Material Safety Data Sheet for that product, we stock a supply of the issued sheet, copies of which are available upon request.
