LLOWABLE EXPOSURE

TWA 2 fibers >5 µm/cc X OSHA ___UCC ___Other

Ceiling ___OSHA ___UCC ___Other

OMMENTS

Personal and area samples were collected while Mr. Shamblin and Mr. Templeton were stripping insulation from a steam line and condensate line in the old compressor room, Building 706. We recommend the insulators continue to wear protective clothing, respirators, gloves and the area to be stripped wet down. Please inform IH Department of the next stripping job in this area, and inform concerned employees of their exposure.
