Sales Estimates

Uvalde expects to order 2 carloads SG-104 in June and 3 carloads per month for the next several months.

GAF in Long Beach wants 100 tons SG-102 before June 1, 1975 to beat the price increase to $63/ton effective on that date. This should satisfy June requirements but they may need another 50 tons at the end of June.

Kentile in Torrance wants the carload of SG-103 shipped on June 2, 1975 (P.O. No. T-38285). They probably won't need any more until late July or August. I will check with them on July 14, 1975, and you should push for the pellet cooler.

American Biltrite in Trenton wants a carload of SG-101 shipped on June 5, 11, 13, 18, 20, 25 and 27, 1975 (P.O. No. 10065). We should hear from their Quebec plant in a few days.

W. R. Grace has released 1/2 of the SX-24 on order 67-8383 for shipment ASAP, and a new order for 27,390 lb. SX-24 for Italy and Spain has just been received for July shipment. Order No. 67-8440 calls for shipment of 8855 lb. SX-24 to Mexico on June 2, 1975.

Montello has the order for ~~500~~ tons CSV for the Middle East, probably not shrink-filmed and for June shipment. They will have more details on this and other June requirements by May 27, 1975.

R. E. Byrne will provide you with other June product requirements.
