Dear Sir:

The attached notification relative to the demolition and/or renovation of facilities containing friable asbestos insulation is provided per requirements of 40 CFR 61, Subport B, Section 61.22 (d).

No work requiring removal and/or demolition of asbestos insulation of 160 sq. ft. or 260 linear ft. or more at any given time is planned. If work of this scope is required, separate notice will be forwarded before start of work. If an emergency arises, notification will be sent during work period.

Please contact the writer if there are any questions concerning information contained in the notification.

Very truly yours,

G. C. Merz
