Dear Sir:

SUBJECT: Notice of Asbestos Removal and Disposal

This letter constitutes notification, as required by 40 CFR - §1.146, that Union Carbide Corporation, Old Ridgebury Road, Danbury, Connecticut 06817, plans to engage in renovation activities as described below:

The facilities to be renovated are located at 437 MacCorkle Avenue, S. W., South Charleston, West Virginia 25303. The facilities consist of various piping used in the manufacture and distribution of organic chemicals and plastics, some of which is over fifty years old. The amount of friable asbestos material present is 2,500 linear feet.

Renovation is scheduled to begin March 1, 1986, and to be completed by March 31, 1986. The work consists of the removal of asbestos insulation and replacement with non-asbestos insulation. All friable asbestos material will be thoroughly wetted prior to removal and will be placed in properly labeled plastic bags for disposal.

All asbestos material will be disposed of at the Goff Mountain Landfill, Union Carbide Corporation, Route 25, Institute, West Virginia 25112.

Very truly yours,

J. L. Worstell
