UNION CARBIDE

Mr. H. L. Phillips
Linde
Indianapolis

April 2, 1976

King City

Our King City Asbestos Mill advises me that plant personnel use Welsh Model 7170 Reusable Dust Respirators manufactured by the Textron Company in Cranston, Rhode Island.

If you need any further information on these, you might want to contact the Plant Manager, F. H. Larrison at 408 385-5961.
