Subject: Calidria Asbestos Customer Call Report
Reference: Mr. J. L. Myers's Japan Visit

Dear Mr. Myers:

Thank you very much for all the guidance and most beneficial technical assistance during your recent trip to Japan on the subject matter.

We sincerely recognized the value of your recent trip, and all that we obtained from you will certainly be utilized for future sales promotion. On the other hand your visit we believe proved most beneficial to you to understand the Japanese market.

Upon briefly summarizing the customer calls the main subjects of discussions were as follows with the details on the attached call reports.

1. Patent problems

2. Related to RG-244

   a. Boiling water problem
   b. Gel coat and application
   c. Improvements for delivery of RG-244 (D.I.C, Chiba Plant)
   d. Designation of RG-244 lot number on same site of each bag
   e. Treatment of RG-244-A-174 or 187

3. Toxicology

4. Domestic manufacture of T-135

5. Identification of differential weight and lot number for each HPP bale.

6. Super Visbestos

Upon closing with sincere appreciation in doing such a wonderful job through that most arduous itinerary which we believe was even harder than in the States.

Closing with regards with hopes of meeting you in person again.

Yours very truly,

TOMOE ENGINEERING CO., LTD.
