Specification Chemical Inc.
824 Keeler Street
P.O. Box J
Boone, IA 50036

Dear Mrs. Ball:

In response to your letter of March 23, 1978, we have obtained the following information which, hopefully, may be of some assistance.

We suggest you contact your local EPA office in order to obtain information regarding registering your "total" finished product. In order that FDA approval be granted for use of "White Plastic" in agricultural applications, you are required to furnish data to substantiate the safety and efficiency of your product for some specific applications which may or may not pertain to your product.

This usually involves documentation of your validity of claims and related safety information.

Listings of approved products for consumer use may be obtained from the Consumer Product Safety Commission, Washington, D.C. The toll-free phone number is 1-800-638-2666.

Information regarding an application for acceptance of a product for consumer use may be obtained from the Department of Agriculture, Food and Nutrition, Washington, D.C. The phone number is 202-447-8138.

If we can be of further assistance, please do not hesitate to contact us.

Very truly yours,

Glenda Spencer
