Export reporting under TOSCA
Rule 12 (b)

In response to your letter of February 17, I am attaching a list of countries to which we shipped asbestos in 1982 and 1983. As our IBM sales sheets are based on orders invoiced, not orders shipped, there may be some error as to the month the product actually left the King City plant. I assume this will present no problem as the countries invoiced to in 1982 and 1983 are identical.

Please let me know if the attached is satisfactory.
