16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations, including applicable state regulations.
If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

PUBLIC EMERGENCY CONTACT (409)945-7411 EMERGENCY DIRECTOR

I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations.
I certify that the contents of this consignment conform to the terms of the attached EPA Acknowledgement of Consent.
I certify that the waste minimization statement identified in 40 CFR 262.27(a) (if I am a large quantity generator) or (b) (if I am a small quantity generator) is true.
I certify that I have not treated, stored, disposed, or transported the waste described on this manifest except as provided by 40 CFR 262.30.
I certify that I have received the information required by 40 CFR 262.11 and that I have determined by testing or by knowledge of the waste that this waste is not subject to federal regulations for hazardous waste except as noted in Item 11 of this manifest.
I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.
I certify that I have received the information required by 40 CFR 262.11 and that I have determined by testing or by knowledge of the waste that this waste is not subject to federal regulations for hazardous waste except as noted in Item 11 of this manifest.
I certify that I have not treated, stored, disposed, or transported the waste described on this manifest except as provided by 40 CFR 262.30
