ASBESTOS HEALTH & REGULATORY DOCUMENTS PROVIDED:

☐ MSDS ☐ Health & OSHA Information Blue Book

☐ Dust Count Report ☐ Other, specify below

905-569-0464

PERSONS INTERVIEWED: Ishmiel Martinez, General Manager

CALL OBJECTIVE: Follow-up on samples of HPO.

RESULTS OF CALL:

Had expected to have lunch today with Mr. Martinez, as well as Tony Galvan from Texas Refinery. however, Mr. Martinez did not show for lunch nor a 10:00 a.m. meeting at the Camino Real on June 21, 1984. Through a later telephone call we learned that the HPO sample was tested in an asphaltic roof coating against 7R and found to take 40% more of HPO to reach desired viscosity. Assured him that HPO can be successfully used, especially in their aluminum asphalt coatings, and they agreed to continue their evaluations. Potential is for 900 ton/year.

FOLLOW-UP ACTION REQUIRED:

Continue quarterly calls.
