Mr. Eli Bell
Executive Director
Texas Air Control Board
6630 Highway 290 East
Austin, TX 78723

Dear Mr. Bell:

Please find attached a copy of our ten (10) day notification letter dated June 8, 1987. In our letter we stated we would like to start work on or about June 22, 1987. Due to a scheduling problem, Kimmins Industrial Service Corporation would like to start work the week of June 15, 1987 and be completed July 10, 1987. This letter is to confirm my conversation with Mr. Bob Mauel of your office, Mr. Steve Rossing, Texas Air Control Board, Bellaire office, and Mr. Ron Schultz of the Galveston Environmental Control Service. All parties were in agreement this would be acceptable.

Should you require further information, please feel free to call.

Sincerely,

C. T. Neel
Safety Director

Mr. Bill Stewart, P.E.
Executive Director
Texas Air Control Board
6630 Highway 290 East
Austin, Texas 78723

Dear Mr. Stewart,

This letter is to inform you that Kimmins Industrial Service Corporation will be dismantling a section of Union Carbide Corp.'s Number 2 Olefins Unit, located at the Texas City Facility. A part of the dismantling includes the removal of approximately 1,000 linear feet of asbestos containing insulation. The removal will start on or about June 22, 1987 and be completed by July 17, 1987.

All asbestos containing material shall be thoroughly wetted and deposited in leak proof, labeled containers. All asbestos insulation will be disposed of by Union Carbide at Gulf Coast's Texas City Facility.

Should you require more information, please do not hesitate to call me.

Very truly yours,

C.T. Neel
Safety Director
