Dear Mr. Bell:

This is to notify you, as required by 40 CFR 61.146, that Union Carbide Corporation, Old Ridgebury Road, Danbury, Connecticut 06817, as owner, plans to engage in renovation activities as described below:

Insulation will be removed from 1200 linear feet of pipe located near Bldg. 16 at 3301 5th Avenue South, Texas City, Texas 77590. The equipment which had been in steam service is over 20 years old.

Removal of the insulation is scheduled to start on September 8, 1987, with completion on November 7, 1987. All asbestos containing material will be wetted and removed in small sections using the glove bag method. The insulation will be sealed in properly labeled impermeable plastic bags prior to removal from the demolition area.

All asbestos materials removed will be disposed at Gulf Coast Waste Disposal Authority, Loop 197, Texas City, Texas.

Yours very truly,
