28th May 1981.

Dear Sirs,

We have in the past had samples of an Asbestos Fibre from one of your companies. Would you please advise me, if a Grade 7T Fibre with a reference of Coalinga SG103-5, still available.

If this material is still available, please quote for full container loads, packed in impervious bags and palletised, delivered C.I.F. U.K. Port.

I await your reply with interest.

Yours faithfully,
THE MARLEY TILE COMPANY LIMITED

J.D. Clare
Chief Buyer.
