This is a follow-up to my previous letter dated 5/14/79.

A detailed agenda is attached for the two-day meeting on June 19 and 20, 1979. Sales personnel will stay over for a morning session on June 21 in the NF office.

All meetings, and dinner on 6/19, will be at the Hilton Hotel in Niagara Falls; and room reservations have been made there, as follows: A. R. Bullman (6/19), W. B. DeAtley (6/18, 19, 20, 21), T. P. Norris (6/18, 19, 20) and J. E. Walsh (6/18, 19, 20).

During the "Law Dept. Presentation", please feel free to bring up any questions or comments you may have. John Sibley is very familiar with our asbestos busine and can give us advice on call report contents, file retention, etc. (See the attached letter for details on "Role Playing").

The "Plastisol Primer" provides us with a valuable opportunity to learn more about the use of RG-144 and RG-244 in various sealants, caulks, coatings, etc. We are grateful to Al Bullman for sharing his knowledge, experience, and time with us.

This is shaping up to be one of our best sales meetings. Your contributions and participation will ensure that it is.

John L. Myers
