Dear John:

Enclosed is a copy of the recently enacted EPA regulations per your request at our meeting in Akron on July 17, 1973. I've also included some information on dust sampling equipment and procedures.

Please let me know if you would like any additional information or assistance. We have a "package" on the bulk handling of "Calidria" Asbestos pellets if you ever get to that stage.

I enjoyed meeting you and look forward to seeing you again.

Very truly yours,

John L. Myers
