Dear Mr. Bamer:

Regarding your inquiry on BAKELITE Phenolic Molding Material BMG-5418, I find that we are unable to supply a material safety data sheet for the product. We discontinued our line of phenolic molding materials many years ago, before material safety data sheets were in general use.

A possible source of useful information might be your current supplier of similar molding materials. I am sorry that we are unable to assist you at this time.

Very truly yours,

R. C. Wise
