SUPPLIERS' INFORMATION FOR PURCHASE SPECIFICATION, STORAGE, AND SAFETY

I. Supplier: UNION CARBIDE CORPORATION Date. 3-16-78

II. Supplier Trade Name: PELLETIZED ASBESTOS STD. GRADE #103

III. Armstrong Cork Co. Specification No. 105146

IV. Nature of Material:

1. Chemical Nature of Material Magnesium silicate

2. Physical Form Pelletized fibrous solid

V. Supplier's Specifications: (** If Methods are not published, but are internal, please attach copies.

	Property Measured	Range		Test Method **
1.				
2.				
3.				
4.				
5.				

VI. *Supplier's Typical Analysis

	Property Measured	Average	Range
1.	Moisture, % by wt.	2.0	1.0 - 1.5
2.	Magnetite	1.7	2.0 - 1.3
3.	Dry screen, +9 mesh	70% Retained	minimum
4.			
5.			

*Based on accumulated data on lots shipped.

VII. Point of Manufacture King City, CA

VIII. Freezing Point ---- Boiling Point ---- Specific Gravity 2.5

Weight/gallon ##/ft.^{3} Coefficient of Expansion ----

IX. Does material change with age. If so, describe nature of change and in what period of time expected change occurs.

Storage Recommendations:

No change.
Protect from mech. damage & water.
