Labelling - Asbestos Fiber Bags
Tilo Company, Inc.

Attached is a copy of a letter from the Tilo Company to our Asbestos Fiber Salesman, H. A. Boisclair. This letter was referred to me by H. G. Donovan for reply in accordance with Executive Bulletin 34-124.

However, before replying I would like your comments as to the proper answers and your advice as to whether the letter should be properly answered by the Legal Department or the Environmental Control Department.

Ed Fenner will write Tilo that labeling is co. policy + we can't deviate; will soften reply by reference to state law requirements and common law. He will clear ltr. with me before mailing.
