RE: Deposition of Ralph McCreary for All Cases Handled by Ed Rubin

Dear Mr. Green:

Please be advised that on April 16, 1981, I attended the deposition of Ralph McCreary. Mr. McCreary is the current purchasing agent for CE Refractories. He had started as a buyer trainee at CE in 1965, since then he has migrated his way to his current position. The areas of questioning at the deposition revolved around purchases of asbestos products at CE's Port Kennedy's plant. My understanding is that the plaintiff's attorney has a number of cases pending, involving that work site and is seeking to find information capable of holding us and other defendants in these cases.

To the best of my knowledge CE Refractories makes heating and cooling systems for power plants. He has personally purchased the general line of asbestos products, and recalls specific purchases from OCF, Keene, Rubberoid, J-M, Pittsburgh Corning, and Flintkote. Additionally, it seems that in the past at the Port Kennedy plant , some raw asbestos was purchased but that was prior to Mr. McCreary's tenure at CE. However, he does recall hearing that raw asbestos was purchased from Carey, Canadian, and Empire.

A major portion of the deposition was spent on a series of 3- by 5-cards that Andre Denis, the attorney for CE Refractories, had obtained from Mr. McCreary's assistant. Mr. McCreary had no knowledge himself of these cards, as he testified that he had never seen them before. These cards were part of a reference file kept by many buyers. Each card tells, for any given product, where that product may be purchased. It does not indicate that any purchases had in fact been made from the manufacturers listed on the cards, it merely shows where these products may be obtained.

Published by AsbestosClaims.Law
asbestosclaims.law/library/24507/2

In addition, these cards were used as the buyers file at the corporate headquarters in Valley Forge, they do not show whether these products were supplied to the Port Kennedy plant. The cards did show a large list of potential suppliers of asbestos products for CE Refractories.

It was Mr. McCreary's understanding that at the Port Kennedy plant's large amount of silica products were used and processed. This is important as at least one of our cases, Noecker, has a possibility of being Silicosis as opposed to Asbestosis. Mr. McCreary has records in his possession as to the amounts of silica products supplied to the Port Kennedy plant.

It was interesting to note that to the best of Mr. McCreary's knowledge no asbestos products were used in any manufacturing process at the Port Kennedy plant. Normally, asbestos products purchased would be sent directly to the job site and would never even pass through the Port Kennedy installation of CE. If asbestos products were delivered to the Port Kennedy plant, all that was done with them was a repackaging and reshipping. By repackaging and reshipping Mr. McCreary meant that the products would be loaded from a truck to a railroad car or vice versa. Some partial shipments may have been stored in a warehouse at the Port Kennedy plant, although Mr. McCreary was not certain of this.

Mr. McCreary identified a number of other CE Refractory employees both former and present who may have knowledge about purchases of asbestos products. If you have any questions regarding this deposition, please do not hesitate to call.

Very truly yours,

J. Scott Brady

Subject: Osteen vs Johns-Manville Sales Corporation

In connection with the above-captioned lawsuit, I would appreciate a computer check of all IPD sales to the following companies from 1972-1979. I don't have location for any of the companies.

The Aber Company, Inc.
Chicago Bridge and Iron Company
Construction Specialist Company, Inc.
Eagle Company
Insoco, Inc.
Jelco, Inc.
Kansas Insulation, Inc.
Peter Kiewit Sons' Company
Taylor Insulation Company
Vaughn Insulation
Wentz Plumbing & Heating
A. H. Bennett Company
Asbestos Contractors of Omaha, Inc.
B & B Engineering & Supply Co. Inc.
C.E. Refactories Therm, Inc./Combustion Engineering Inc.
C.T. Vaughn/Plibrica Sales & Service
Central Insulation & Engineering Co.
Charter Insulation, Inc.
Edgar H. Givens/Givens Machine & MFG. Co.
Ferguson-Smith
Kansas City Insulation
Kelley Asbestos Products Co. Inc.
N.F. & L.I. Medford
T.H. Wotherspoon/Midwest Asbestos& Insulation Co.
Thermal Products, Icn.
Central Ice Machine Co.
Pioneer Pipe & Supply Co.
Phillips Refinery in Avon, California

Thanks Again,

Rebecca
