Health Administration
Johns-Manville Corporation
22 East 40 Street
New York, New York 10016

Dear Mr. Sheckler:

Mr. Howard Nell contacted me today in regard to your request for eight of our new, U.S. Bureau of Mines approved, disposable dust-mist respirators. We will ship these respirators to your attention on Monday, January 4.

In the interim, I have enclosed a data sheet showing the functional performance of this item, when compared to the current requirements of U.S. Bureau of Mines Schedule 21B. In addition, enclosed is an instruction bulletin which describes the proper fitting and wearing of this respirator.

Please accept my apologies for the delay in shipping these respirators to you. Should you have any comments or questions pertaining to this product, please contact us.

Very truly yours,
AMERICAN OPTICAL CORPORATION
