REPORT OF THE
GENERAL PRESIDENT

Elmhurst, December 15, 1934.

Officers and Membership, All Affiliated Locals,

Greeting:

Continuing west from Detroit, from which city his last report was submitted, your President journeyed to Chicago, where he held conference with Vice President Mulligan.

St. Louis was the next stop and a conference with Organizer Hahn and later with him paid a visit to Nell McNamara. It proved to be the last time your President was ever to see her as she passed away some weeks later. Your President being on the Coast, Vice President Mulligan represented our International Association at the interment.

Kansas City was next in line and a conference with Business Agent Barrett of Local 27, followed by one with Mr. Barnes, Chairman of the Central Division, Asbestos Contractors National Association. Later came the meeting of Local No. 27.

Dallas was the next stop and a conference with President Reed and Business Agent Essary and later with them to a meeting with the employers. Then came a meeting of Local No. 21.

El Paso was the next jump for a short stopover on executive business; then on to Los Angeles where your President conferred with Organizer Michener (now connected with the County Employment Bureau) and Secretary Wicks, acting Business Agent. A meeting of Local No. 5 followed. Then a day making the rounds of the shops with Secretary Wicks.

The next jump was San Francisco, where your President spent some three weeks during which time he represented our International Association at the Conventions of the Building Trades Department and the American Federation of Labor. He reports on these Conventions elsewhere in this Journal. While in San Francisco he held conferences with Secretary Dwyer and Business Agent Brown, attended a meeting of the Local Executive Board and presided at two regular meetings of the Local. He also held conference with Mr. Lane, Chairman, Pacific Division, Asbestos Contractors National Association.

Next came a trip to Vallejo, accompanied by Business Agent Brown and the meeting of Navy Yard Local No. 70. Then up the West Coast to Portland and a conference with the Executive Board of Local No. 36. Seattle came next and a conference with President Arthur Harigel and Business Agent Wheeler Harigel. With the two latter accompanying him, your President visited Tacoma and attended a meeting of Local No. 50. Then a return to Seattle, and later to a meeting of Local No. 7.

Then over the line to British Columbia and a meeting of Local No. 54, Vancouver. Then a jump to Winnipeg, a conference with President

asbestosclaims.law/library/21422/4

Fergus and later a meeting of Local No. 15. Minneapolis came next and a conference with Business Agent Kingston, later followed by a meeting of Local No. 34. The next stop was Omaha and a conference with Business Agent Ford, a meeting with the officials of the Aycock shop, and then to a meeting of Local No. 39. Chicago was next in line and a conference with Vice President Mulligan. Then on to Cleveland and a conference with Vice President Dalton. Pittsburgh came next, a conference with Vice President Hennig, attendance at a meeting of Building Trades Business Agents, followed by a meeting of Local No. 2.

Next came a meeting of Navy Yard and Marine Workers Local No. 93, at Brooklyn, N. Y. Then to Washington and work at the General Office. Next came a meeting of Local No. 24, Washington, followed by a meeting with its Executive Board. Then to Baltimore and a meeting of Local No. 11. Albany was the next jump and a conference with Business Agent Wickersheim followed by a meeting with the J-M shop officials. Then to Philadelphia and a conference with Business Agent Hunter and a meeting of Local No. 14. While in Philadelphia, your President held conference with Mr. Cremers, Vice President of the Asbestos Contractors National Association. Then to Washington and work at the General Office, and accompanied by Secretary Sickles to a conference of Building Trades officials, followed by a meeting of Local No. 24. Then to Albany where your President represented our craft interests at the labor caucus on proposed legislative measures.

In his travellings throughout the country, your President found work in our craft at its lowest with the feeling everywhere that the Building Trades face a hard winter. The housing projects now in operation are all right as far as they go but in a proportionate sense mean very little to the Asbestos Worker. The general house repair activities are almost entirely monopolized by the (a) Painter, (b) Carpenter, (c) Plumber. What the Asbestos Worker benefits thereby is negligible. The stepping stone to craft recovery for the Asbestos Worker lies in industrial work. The Building Trades volumes as we know them, promoted by private initiative and capital, are still in the distance. To say that your President was disappointed in the failure of the Asbestos Contractors' National Association to enter into Trade Agreement that included the Code Wage Rates of the Fitters and Plumbers, Lathers and Plasterers, is but putting it mildly. He is still of the opinion that the only way to eliminate "chiselling", lies through Code Wage Rates, and the "OK" stamp of Uncle Sam that will make all employers and all workmen, both Union and non-union "play ball". Until this is done, the "foot", "lump", "short hour" time card and "kick back" systems will be practiced in spite of what decent employers and hard working Business Agents may think or say about it. We have done our part and suggested a remedy to the employers. They have failed to cooperate with us on code wage rates and have also failed to offer a substitute plan that would eliminate all the evils we all complain of.

Fraternally,

Joseph A. Mullaney

President

Report of Delegate to American Federation of Labor Convention

The fifty-fourth annual convention of the American Federation of Labor was called to order in Polk Hall of the Civic Auditorium in San Francisco, Calif., Monday morning, October 1, 1934, with Paul O. Gaffney presiding as temporary chairman. The convention was attended by more than 500 delegates representing 90 National and International Unions, 77 Central bodies, two Departments, 23 State Branches, 97 Local Trade and Federal Labor Unions and three Fraternal delegates. Edward D. Vandeleur took the chair and introduced the Rt. Reverend Edward J. Hanna, Archbishop of San Francisco, who gave the invocation.

Principal among the speakers, which included a notable group of prominent people, were Paul Scgarrenberg, Secretary of the California State Federation of Labor; Mayor Angelo J. Rossi, of San Francisco; Mrs. Mary E. Ryder, President, National Federation of Trade Union Auxiliaries; Max Winter, former Senator of the Austrian Parliament; Congressman Richard Welch, of San Francisco; Andrew Furuseth, International Seamen's Union; Spencer Miller, Jr., Secretary, Workers' Education Bureau; Joseph A. Padway, General Counsel, Wisconsin State Federation of Labor; Senator James J. Davis, of Pennsylvania; J. Stokes, Fraternal Delegate, British Trades Union Congress; William Dunn, Fraternal Delegate, Canadian Trades and Labor Congress; Colonel Wood Axton, President, Axton-Fischer Tobacco Co.; Miss Frances Perkins, Secretary, United States Department of Labor; Dr. A. Meiklejohn, President, San Francisco School of Social Studies; Francis J. Gorman, Vice-President, Textile Workers; Walter M. Citrine, President, International Federation of Trade Unions; Harold Butler, Director, International Labor Office, and Commander James C. Vanzant, Veterans of Foreign Wars.

The convention adjourned following a night session on October 12th.

All of the old officers were reelected unanimously together with seven new Vice-Presidents created by the adoption of a resolution increasing the Executive Council of the Federation to 18 members. The Executive Council as now constituted is composed of: President, William Green, United Mine Workers of America; First Vice-President, Frank Duffy, United Brotherhood of Carpenters; Second Vice - President, Thomas A. Rickert, United Garment Workers; Third Vice-President, Matthew Woll, International Photo-Engravers' Union; Fourth Vice-President, John Coefield, United Association of Plumbers and Steamfitters; Fifth Vice-President, Arthur O. Wharton, International Association of Machinists; Sixth Vice-President, Joseph N. Weber, American Federation of Musicians; Seventh Vice-President, G. M. Bugniazet, International Brotherhood of Electrical Workers; Eighth Vice - President, George M. Harrison, Brotherhood of Railroad Clerks; Ninth Vice-President, Daniel J. Tobin, International Brotherhood of Teamsters; Tenth Vice-President, William L. Hutcheson, United Brotherhood of Carpenters; Eleventh Vice-President, George L. Berry, Printing Pressmen and Assistants' Union of North America; Twelfth Vice-President, John L. Lewis, United Mine Workers of America; Thirteenth Vice-President, David Dubinsky, International Ladies' Garment Workers' Union; Fourteenth Vice-President, Harry Bates, Bricklayers', Masons' and Plasterers' Union; Fifteenth Vice - President, Edward J. Gainor, National Association of Letter Carriers; Secretary, Frank Morrison, and Treasurer, Martin F. Ryan.

John A. O'Connell, Secretary of the San Francisco Central Labor Council, was elected as fraternal delegate to

the Canadian Trades and Labor Council.

Henry F. Schmal, Secretary-Treasurer of the International Photo-Engravers' Union, and Dennis Lane, Secretary-Treasurer of the Amalgamated Meat Cutters and Butcher Workmen of North America, were elected fraternal delegates to the British Trades Union Congress.

Choice of the next convention city was referred to the Executive Council.

The Convention of the American Federation of Labor nullified the proceedings of the Building Trades Department as enacted in its convention at San Francisco as illegal in so far as it dealt with the subject matter of refusing affiliation to the Carpenters, Bricklayers and Electrical Workers.

It further instructed President Green to call and preside at a convention of the Building Trades Department within forty-five days after the adjournment of the American Federation of Labor convention.

There is no need wasting space to inform you of the outcome of this convention, held at Washington, November 26, 27 and 28, as you are all fully familiar with its results.

Let it suffice to say that the old Building Trades Council with which the Asbestos Worker is affiliated is still doing business with M. J. McDonough as President, Wm. C. O'Neill as Secretary, with headquarters in the Machinists' Building, Washington, D. C.

Action was taken by the convention upon the following subject matters:

Urged every craft or organization using the label to have same registered in every state for full protection.

Instructed Executive Council to use influence to have Administrator of Federal Housing Act set up machinery to provide loans to launch housing projects as provided by the Act.

Commended Federal Government on Act passed to halt wage kick back practice.

Instructed all State and Central Bodies to continue publicity on company unions and communistic activities.

Entered protest against attempts of any department of Government entering into private business.

Instructed Executive Council to adjust jurisdictional dispute between firemen, oilers and engineers.

Instructed Council to continue efforts to secure legislation prohibiting competitive imports, the product of cheap foreign labor.

Instructed Executive Council to secure modification of Immigration Laws so as to permit the entry into this country of Fascist and Nazi fugitives.

Take steps to see that labor has 50 per cent representation on emergency relief committees.

Instructed Executive Council to institute a study of health insurance.

Denounced steps of Master, Mates and Pilots to form a dual union.

Protested 30c minimum wage contained in Zinc Code.

Advocated the establishment of two or more minimum rates of wages for all codes.

Instructed national and international organizations to employ union welders from an affiliate in the event they do not have welders within their own organization, rather than work with non-union welders.

Urged continuance of CWA to provide work for unemployed.

Proposed a "Federal Industrial Act" to protect workers employed in health destroying occupations.

Suggested employment of Negro organizers to work in the South.

Instructed Executive Council to investigate issuance of charter to Sleeping Car Porters.

Approved plan of equal wages for equal work regardless of race, sex or color.

Protested practice of Labor Boards in giving recognition and encouragement to company unions.

Referred to Executive Council jurisdictional dispute between laundry workers, cleaners and dyers.

Advocated that Navy Department

Dear Sir and Brother:

Kindly announce in the next issue of the Journal the death of Nelly E. McNamara, sister of the late Thomas J. McNamara, Secretary-Treasurer of the International Association. She died on Sunday, October 14, 1934, at 3:50 p. m.

I wish to thank the International President and Executive Board and also all affiliated Locals who contributed to the fund for her.

I also feel very much pleased to state that our International Association was represented by Vice-President Hugh E. Mulligan, who attended the funeral.

The deceased was given a very nice funeral, which was largely attended.

Again wish to thank all in behalf of Local Union No. 1.

Fraternally,
WM. HAHN,
Business Agent Local No. 1.

The regular quarterly meeting of the New York State Conference of Asbestos Workers was held on the above date, at the Onondaga Hotel, Syracuse, N. Y.

The meeting was called to order by the President, James Harmon, of Buffalo, the following delegates being present: James Harmon, Buffalo, N. Y.; Geo. Bremer, Buffalo, N. Y.; Edward Redmond, New York, N. Y.; Edward Krause, Rochester, N. Y.; B. Berkirch, Rochester, N. Y.; Edw. Stapleton, Syracuse, N. Y.; John Alberts, Syracuse, N. Y.; Frank Brown, White Plains, N. Y.; J. Wickersheim, Albany, N. Y.

The minutes of the previous meeting were read and upon motion were adopted.

The following bills were read and ordered paid: Typewriting, $5; 500 envelopes, $4.50; initiation fee and per capita tax, New York State Federation of Labor for 1934, $20.

The following credentials were received and upon motion the delegates were ordered seated.

Edward Stapleton, and John Alberts, of Syracuse, and Frank Brown, of White Plains.

REPORTS OF DELEGATES TO THE CONFERENCE

Delegate Harmon of Local No. 4 informed the conference that there was plenty of work around Buffalo, but on account of the slowness of the general erection of the buildings, very few of the local's men were at work.

Delegate Redmond, of Local No. 12, reported that about 10 per cent of the local's men were at work, and that many of the local's men were on home relief. He also reported on the attempt of the Balish Corporation of New York City, to switch a contract he had at the Wassaic State School, to another contractor without success.

Delegate Krause, of Local No. 26, reported that there was very little work around Rochester, as did Delegate Stapleton, of Syracuse, report likewise.

Delegate Harmon reported that Local No. 46 was getting along very nicely, and that the trades council was 100 per cent with them.

Published by AsbestosClaims.Law
asbestosclaims.law/library/21422/10

Delegate Brown, of White Plains, reported that 50 per cent of Local No. 91's men were at work, and that the future looked good for work for the local's men.

Delegate Wickersheim, of Albany, reported that very near all of the local's men were at work. He also requested Delegate Redmond to thank the officers and members of Local No. 12 for its splendid cooperation in the investigation of the Balish contract on the Wassaic job, mentioned in these minutes previviously. The result of this investigation made it possible to place ten more men to work on this job. This is cooperation; let there be more of it.

The meeting adjourned at 1:30 p. m. Expenses, $29.50.

Respectfully submitted,
JOHN WICKERSHEIM,
Secretary.

Dear Sir and Brother:

It is with pleasure that I take this method and opportunity, through "The Asbestos Worker," of telling the members of the different Locals of the outstanding good and benefit our General President was to Local No. 16 on his visit here during the American Federation of Labor Convention.

We had gradually worked ourselves into a rut that was causing misunderstanding and bickering among our members.

Our President presided over two meetings at which he gave very interesting and enlightening talks on unionism and the conduct and operation of our Local.

Upon his advice and instructions we inaugurated a system for the payment of dues which has proven very successful.

I accompanied our President on a trip to the Mare Island Local No. 70, Vallejo, Calif. They treated our President and myself with every consideration and we had a very interesting meeting at which time our President set them right on various questions.

I was unable to be with President Mullaney as much as I desired to be as his time was so much taken up with the A. F. of L. Convention.

Local No. 16 desires at this time to extend thanks to President Mullaney for his advice and valuable assistance extended us on his visit here and the next time he visits Local No. 16 I am sure he will find a one hundred per cent Local.

Fraternally yours,
J. B. BROWN,
Business Agent, Local No. 16.

Editor, Asbestos Worker:

It was again our pleasure to have with us on September 19 for a short visit Brother Joseph A. Mullaney, who was on his way to San Francisco, Calif., to attend the American Federation of Labor Convention.

As per usual we found plenty of work for him while he was here. A meeting was held with the employers, the following being represented: Mr. Laichinger, of Armstrong Cork and Insulating Company; Mr. Guthrie, of The Asbestos and Roofing Company; Mr. Doran, of R. V. Aycock Corporation; Mr. Kelly and Mr. Jones, of the Southwest Insulating and Packing Company, and Brothers D. Reed and A. J. Essary, representing Local No. 21. Brother Mullaney was in charge, outlining why it was necessary that a minimum wage scale be established in our code, not only for our protection but for the protection of the employers as well. We feel that his efforts were not in vain and we will yet see a minimum wage scale placed in our code, thereby eliminating the "chiseling" of outsiders.

Brother Mullaney was forced to leave us at 8:55 p. m. to catch his train and we wished him a pleasant and profitable trip and we are looking forward to his next visit.

Dear Sir and Brother:

Local No. 88, Richmond, Va., wants to take this opportunity to thank our International Secretary, C. W. Sickles, for his timely visit to Richmond.

Secretary Sickles gave us some very good advice and helped put a new spirit in our Local Union.

Our prospects are very much brighter for the future and we sincerely hope that all the other Locals have the same to look forward to.

Again thanking Brother Sickles and all our International Officers, I am

Dear Sir and Brother:

The first of last month the brothers of this Local had the pleasure of meeting our International President again at which time a special meeting was held in which he, in his fatherly way, told our membership of the conditions now existing over the country and gave us some very good advice. This talk was enjoyed by all. Members of Local No. 5 appreciate our President's visit and thank him for the same.

I personally had the privilege of conducting Brother Mullaney about town and called upon our fair shops. During Brother Mullaney's visit here I believe he became better acquainted with local conditions and will no doubt be able to help us a great deal in the future. If you should find room in your next issue of the "Asbestos Worker", we would appreciate it if you would acknowledge with thanks the visit of Brother Mullaney to Los Angeles.

Dear Sir and Brother:

On September 7, 1934, Local No. 33 was honored by a visit from our former Business Agent, International Secretary and Treasurer C. W. Sickles. During the course of the evening, Brother Sickles gave a very interesting and educational talk, and answered many questions.

After the business meeting refreshments were served. It seemed like old times having Carl back with us again, and when he departed for Washington the best wishes of Local No. 33 went with him.

Dear Sir and Brother:

On Saturday, October 27, we were paid a visit by President Mullaney. A special meeting was held at 2:30 p. m., quite a few members attending. Several Trade Laws were explained and questions answered. President Mullaney gave a talk on the Code and explained its various points. He told us of the National

Contractors' Association and of trying to get an Agreement with them and the chances of obtaining it. Conditions throughout the country were outlined to us and we feel that there is no place like home.

I know the members and especially the officers were benefited by President Mullaney's visit. We are always glad to have him and the latch-string is always out.

Respectfully submitted,
JOHN W. GROB,
Vice President Local No. 18.

Minneapolis and St. Paul, Minn.
November 16, 1934.

Mr. C. W. Sickles,
211 Machinists Building,
Washington, D. C.

Editor:

At a special meeting held October 22, 1934, Local No. 34 was honored by the presence of our International President, Brother Mullaney, who gave us a very interesting talk on the different codes, pertaining to work.

We received some very good advice on how to go about getting an agreement with our shops.

Local No. 34 hopes that Brother Mullaney will be able to visit us more frequently.

Fraternally yours,
LEE ANTHONY,
Secretary.

FRANCIS BIDDLE HEADS LABOR RELATIONS BOARD

Francis Biddle, prominent Philadelphian, recently named as the new chairman of the National Labor Relations Board, has assumed his new duties and gotten "down to business." It is interesting to note that the oath of office was administered to Mr. Biddle by Samuel Gompers, son of the late veteran President of the A. F. of L., who is Chief Clerk in the Department of Labor.

At his first press conference, Mr. Biddle indicated that speedy action will be taken to enforce decisions of the National Labor Relations Board, with assurance of definite co-operation from the Department of Justice.

He also indicated that the "majority rule," for which organized labor has long contended, as well as Section 7a of the Recovery Act, will be vigorously enforced.

FIRST LABOR PAPER

"The Workingman's Advocate," so far as a recent search disclosed, was the first labor newspaper established in the United States. This paper was founded in 1825, in New York, by the Evans brothers, two English labor reformers. About two years later, the paper gave way to "The Daily Sentinel," which was succeeded by "The Young American."

CONSTRUCTION DROP IN COUNTRY

(Continued from page 17)

utilities and more than $6,000,000 in residential buildings.

"This loss in residential building is the more discouraging because it occurred in that phase of construction where Federal Housing Authority aid has been chiefly centered," the Dodge organization commented.

Declines from a year ago in residential buildings and public works more than offset the gains reported in non-residential buildings and public utility work.

The November construction contract total for all classes amounted to $111,740,800, against $135,224,800 in October and $162,340,600 in November, 1933, a loss of more than 30 per cent.

For the elapsed eleven months of this year all types of construction totaled $1,450,426,900, compared to $1,048,498,900 for the corresponding months of 1933. Cumulative increases over 1933 were shown for each major classification, as follows: $187,000,000 in public works, $161,000 in non-residential buildings, $44,000,000 in public utility types and $9,000,000 in residential buildings.

Commenting on the small gain in residential work, the Dodge organization said:

"It must be remembered that the contract figures include both new and alteration projects. It is of interest therefore, to note that on the side of residential building the entire gain in contracts thus far reported for 1934 was due to alterations. But for this gain in alteration and modernization projects the residential contract total for the eleven months of 1934 would have fallen behind the 1933 level by about $5,000,000."

THE ONE-QUARTER FULL LIFE

Dr. Mordecai Ezekiel, adviser to the Department of Agriculture, reports that a family income of $2,500 a year is needed for "a moderately full life."

The Citizens Welfare Committee discovers that 320,000 families in New York City have annual incomes of $600 or less.
