REPORT OF THE GENERAL PRESIDENT

Elmhurst, L. I., March 31, 1938.

To the Officers and Membership, Affiliated Locals,
Greetings:

The activities of your President during the past quarter began with a trip to Wilkes-Barre, Pa., and attendance at a special meeting of Local No. 38. This meeting named your President a Committee of One to act for it in negotiating for a new Agreement. The Agreement is now in effect with a wage increase of $1.25 per hour.

Next came Pittsburgh where the members of the General Executive Board represented our International Association at the funeral service and interment of Mrs. George R. Hennig. A floral piece in the name of our membership stood among many others on this occasion.

Then to Rochester and with the Local No. 26 Committee to meet the Employers in an effort to settle the strike, then in its second week. This conference agreed to disagree. It was settled a few days later, by the signing of an International form of Agreement (the first in years) carrying a 6-cent hourly increase immediately with an additional 6 cents on June 1.

Washington came next and work at the General Office. Then to Chicago and a conference with Vice-President Mulligan.

Next came Evansville, Ind., and a meeting of Local No. 37. Later came a meeting with a Local Committee, and Mr. Reisinger, of the Tri-State shop, followed by a conference with Mr. Rankin, of the Asbestos Products Company.

Nashville, Tenn., was the next stop and a meeting with Local No. 86, at which your President gave decisions on Local issues.

Then to Memphis, Tenn., and a conference with President Finley and Business Agent Crawford, followed by a meeting of Local No. 90.

New Orleans, La., came next and the regular quarterly session of the Southwest Conference of Asbestos Workers that ended with a dinner given the delegates in attendance. Then came a meeting of Local No. 53, attended by the Conference delegates, including International Vice-President Tom Reed. Next came a conference with Business Agent Hoffman, of Local No. 48.

Next came Birmingham, Ala., and a conference with Business Agent Howell and with a Committee from Local No. 78 to the Badham Insulation Company shop in re: Trade Agreement.

Washington came next and work at the General Office. Later to the Building and Construction Trades Department, where, with other Labor officials, your President listened to the Seattle General Contractors' Committee request for a return to the eight-hour day by the Seattle crafts.

Next came the annual session of the General Executive Board, the minutes of which are printed in this Journal issue.

Then came the Testimonial tendered your President by his home Local at Mecca Temple Casino, New York City. He again wishes to thank all who made it possible or who were connected with its arrangements. He again wishes to thank his fellow members of Local No. 12 for the traveling bag

presented to him in their name through President Rider and the Local Unions of the International Association for the copper photograph plaque presented to him, and for the wrist-watch presented to "Mom" through Joe, Jr., by Vice-President Mulligan in their name. He again wishes to thank the New York City Insulating Contractors for the beautiful engraved Silver Plate they presented to him through Mr. Cooper and the Philadelphia Employers for the "eight-hour" marine clock they presented to him through President Trout of Local No. 14, substituting for Mr. Brenner.

He also wishes to thank all individuals in our craft, both members and employers, responsible for the many letters and telegrams received on this occasion.

Then back to Washington and work at the General Office, made necessary through General Executive Board session.

Next came a conference with Business Agent Reiss of Local No. 32. Then to Syracuse and the regular quarterly session of the New York State Conference of Asbestos Workers that was followed by hearings given by your President, which decisions can be found in this Journal issue.

There has been a sharp decline in our craft work during the past quarter with the coming Spring showing little more than Federal and State work in sight.

Fraternally,

Joseph A. Mullaney

President

Washington, D. C., March 31, 1938.

To the Officers and Membership, Affiliated Locals,
Greetings:

After receiving the five-dollar Local Union contribution for the Mullaney Golden Jubilee Gift, your Secretary acted in conjunction with Vice-President Mulligan in selecting it. We were somewhat stumped in the way of jewelry as he still wears the watch, chain, and locket presented to him by the Salamanders, and the signet ring and cuff links presented to him by Local No. 12 on his fortieth anniversary. However, we were fortunate, through the aid of our printer, in having a duplicate made of a certain copper photograph plaque (the only one of its kind in existence) located in the city of Washington. It was a most appropriate gift and can be handed down for generations.

The Board members were seated on the dais on the night of the Stag where Vice-President Mulligan presented the plaque to President Mullaney in the name of our affiliated Locals. He also presented a wrist watch to "Mom" Mullaney, wife of our President, through Joe, Jr. This was made possible with the money left in the fund over and above the price of the plaque.

In the name of the General Executive Board, I wish to thank Local No. 12 for its kind invitation and the pleasant evening we spent as their guests.

Fraternally yours,

C. W. Sickles

Secretary-Treasurer

Labor and Stockholders

The Johns-Manville Corporation has set a good precedent in issuing a special annual report to its 11,200 jobholders. The report points out that the amount received by the Company for products, less the cost of materials and transportation during the year, came to a little less than $40,000,000. Of this, 51 per cent, or more than $20,000,000, was paid to jobholders in wages and salaries, while stockholders (who invested an additional $10,000,000 in the business) received 11½ per cent, or $4,500,000. The other 37½ per cent was required for maintenance, new plants, advertising, research, taxes and depreciation.

In paying an aggregate of nearly five times as much to its workers as to its stockholders the Johns-Manville Corporation was no exception, but, on the contrary, typical. The Department of Commerce recently estimated that total compensation paid to employes in 1937 amounted to $45,000,000,000, while total dividends and interest together amounted to $9,000,000,000. Comparisons in gross of this sort are likely to be misleading for a number of reasons, but it would help to clarify the picture if more large companies published statements in the form just adopted by the Johns-Manville Corporation. For if it were consistently recognized that the great corporations of the country paid much more to workers in the aggregate than to their stockholders, a different attitude might prevail in Washington toward corporation tax bills and other legislation, and toward "business." The workers in the aggregate have a far greater stake in the stability and prosperity of business even than the stockholders have.—N. Y. Times.

MINUTES OF MEETING OF NEW ENGLAND STATES CONFERENCE OF ASBESTOS WORKERS

Hartford, Conn., February 26, 1938.

The quarterly meeting of the New England States Conference was held on Saturday, February 26, 1938, at the Hotel Bond, Hartford, Conn.

Delegates present were: Anton Sevelius and William Drislane, Local No. 43, Springfield, Mass.; Ernest Carlson, George Olson, Edward Olson, Einar Swanson and Harold Swenson, Local No. 31, Providence, R. I.; Charles Soelch, Anthony Gaspic and John Gaspic, Local No. 33, Connecticut; Vice-President John W. Hoff, Local No. 6, Boston, Mass., and Secretary-Treasurer C. W. Sickles, representing the International Association.

Meeting called to order by President Anton Sevelius at 10:25 A. M.

Reading of minutes of the last meeting held at Springfield, Mass., November 6, 1937, accepted as read.

Comunications read and placed on file and bills ordered paid.

Delegate Ernest Carlson, Local No. 31, reports business as fair with no change in the immediate future. Report signing of new agreement with the local shops, with Vice-President John W. Hoff assisting in the negotiations. With the Employers' Association at odds during negotiations, all the shops chose to sign Individual Agreements.

Delegates Soelch and Gaspic, of Local No. 33, report business as fair with prospects in the near future good. Report on meeting with the Connecticut Insulators Association in a joint Trade Board and with the able assistance of Secretary-Treasurer Sickles succeeded in having the Hartford Cement Company, a member of the Association and a signed shop, agree to use only Local No. 33 members on all jobs wherever the process of insulation known as "Limpet" will be used, as they had used non-members on a previous job. Also report progress in battle with the Atlas Asbestos Company, a non-union firm in the territory.

Delegates Drislane and Sevelius, Local No. 43, report business as slow, with nothing to look forward to in the near future. Report preferring of charges against the Taft Asbestos Company, a signed shop, that had employed an expelled member. Vice-President Hoff was called into the dispute and together with the Joint Trade Board exonerated the Shop in question, which, when confronted with an "emergency" job, made every reasonable effort to get a Local No. 43 member through the Business Agent, who, in turn, had all men working and was unable to man the job.

Delegate Hoff, Local No. 6, reports conditions slow. A little work coming and due to break in the summer. Shipyards busy, with work in our craft not due for some time as yet. Best bet is the WPA work, for which he has men that can be "certified". Home Insulation is at a standstill, with no organizing as yet. Reports Boston Trades asking for an appropriation for another Housing Project.

Secretary-Treasurer Sickles advised the council on several matters and talked on conditions throughout the country and pointed out various jobs contemplated for the future.

The request of Local No. 31 for additional territory was taken up and after lengthy discussion pro and con, and with the timely counsel of Secretary-Treasurer Sickles, it was agreed to leave all chartered territories in New England as they are, to the satisfaction of all delegates present.

With no further business and upon motion, meeting was adjourned at 12:45 P. M.

Respectfully submitted,
JOHN GASPIC,

MINUTES OF MEETING OF NEW YORK STATE CONFERENCE OF ASBESTOS WORKERS

Albany, N. Y., March 29, 1938.

The New York State Conference of Asbestos Workers met in regular quarterly session at the Onondaga Hotel, March 26, 1938.

President Chas. Rice called the meeting together at 10:00 A. M. and the following delegates responded to the roll call:

Chas. Rice, Local No. 4, Buffalo, N. Y.; Geo. Rider, Local No. 12, New York City; Ed. Redmond, Local No. 12, New York City; Wm. Kujawski, Local No. 26, Rochester, N. Y.; B. Beikirch, Local No. 26, Rochester, N. Y.; Chas. Callahan, Local No. 30, Syracuse, N. Y.; Paul J. McCormick, Local No. 30, Syracuse, N. Y.; John C. Fallon, Local No. 40, Albany, N. Y. International President Joseph A. Mullaney also attended.

The minutes of the last meeting were read and upon motion were ordered approved.

Communications were read and ordered filed upon being noted by the delegates.

Delegate Rice, of Local No. 4, Buffalo, N. Y., reported business as being very slow at present. Very little new construction is under way in the city. There are a few outside men working in the Buffalo area on new construction and Delegate Rice particularly called to the attention of the delegates the deportment of a member of Local No. 12, New York City, who is working in Buffalo territory. This member refused to go to work until he had contacted the Business Agent personally and received his assurance that it was all right to go ahead with the work. Delegate Rice contends that if all members working in outside territory were to do likewise, it would be far easier for both the business agent and workman.

Delegate Rice also spoke on the controversy which is going on in the Building Trades between the two opposing factions and it is hoped that this controversy will be settled amicably within a short time.

Delegate Rice also reported on prospects for work in the future and said the Electric Power Co. intends to do considerable work at a later date. He also reported that the new Sewage Disposal Plant to be erected at a cost of $15,000,000 will use a considerable number of men but this work also will come at a much later date.

Delegate Redmond, of Local No. 12, New York City, reported that 30 per cent of the members of Local No. 12 are employed on private work which includes two new power houses and the new World's Fair Construction job. He also reported that a considerable number of the Local's membership is at work on WPA construction. He also reported that through the cooperation of our International Office and Local No. 12 they have been successful in driving away the majority of handy men who were formerly doing the insulation work on these WPA projects. It is estimated that Local No. 12 has been able to place approximately two hundred men since this change has taken place. He also spoke on the work being done on the Consolidated Edison Power House where approximately sixty men are employed at the present time and it is expected within a short time that this force will be augmented by a considerable increase.

Delegate Beikirch, of Local No. 26, Rochester, N. Y., reported work has been exceptionally good and they have used quite a few men from Local No. 30, Syracuse, N. Y., during the rush period. Work is beginning to slow up at the present time and a few men are without work.

Delegate Beikirch also reported that they have signed their new agreement for a substantial increase in both wages and board. He also wished

Published by AsbestosClaims.Law
asbestosclaims.law/library/21435/14

to thank International President Joseph A. Mullaney and the Conference for assistance rendered in securing this increase. He also spoke on a new insulation material called Una Bestos. It is a molded covering and is made to fit any size pipe up to and including 30 inches. Delegate Beikirch reported prospects for the future are poor. There are a few schools to be done later.

Delegate Paul J. McCormick, of Local No. 30, Syracuse, N. Y., reported work is very slow at the present time and the prospects for the future are poor. He reported that a committee from Local No. 30 expects to meet the employers to discuss their proposed wage increase before May 1, 1938, at which time their present Agreement expires. The new wage demands are for $1.37½ for mechanics, and Delegate McCormick is very optimistic of the outcome. He also spoke on the desirability of Local No. 30 joining the Building Trades Councils in the cities surrounding Syracuse and of the benefits derived therefrom.

Delegate Fallon reported that work has been good but at the present time it has slowed up considerably and prospects for the future are none too bright.

Delegate Fallon also spoke on the marked improvement in Labor conditions in the Albany area in the last two years. The assistance rendered to Local 40 by the business agents of the Steamfitters and Plumbers in the surrounding cities has been very helpful.

Two years ago there were three nonunion shops operating in the Albany area and at the present time there are none. It is gratifying to most of us to learn that Avery M. Walsh & Sons (nonunion shop) has discontinued contracting insulation work and is now in another line of business.

International President Joseph A. Mullaney addressed the Conference, speaking on the unrest in the country today. He also spoke of the uncertainty of conditions in our craft, unemployment, and the present recession.

A motion was made and seconded to instruct the Secretary to purchase needed supplies to properly conduct his office. Carried.

The business of the Conference having been completed, motion was made and seconded to adjourn at 3:00 P. M. Carried.

Respectfully submitted,

JOHN C. FALLON,
Secretary.

MINUTES OF MEETING OF SOUTHWEST STATES CONFERENCE OF ASBESTOS WORKERS

Houston, Texas, March 1, 1938.

Meeting of the Southwest States Conference was held in Arcadia Parlor, DeSoto Hotel, New Orleans, La., February 19.

Meeting was called to order by the President, Bro. A. J. Essary, at 10 o'clock a. m.

The Affiliated Locals were represented as follows: No. 21, Dallas, by Bro. A. J. Essary; No. 22, Houston, by Bros. T. L. Smith and Thos. B. Reed; No. 29, Amarillo, by Bro. Loris Essary; No. 53, New Orleans, by Bros. James Mehle and W. C. Davis; No. 87, San Antonio, by Bro. S. E. Tyler. Telegrams were read from Brother Devero, of Tulsa, and Brother Sullivan, Oklahoma City, expressing their regrets for not having a Delegate present.

Our International President, Brother Mullaney, was in attendance.

Minutes of the previous meeting were read and approved.

Communications were read and those requiring attention were laid aside to come up under their proper heading, others were filed.

The Secretary's salary and expense on trip to Shreveport, La., was ordered paid.

Under report of Locals Bro. A. J. Essary reported that Dallas had 4 or 5 men idle but prospects looked good for the near future. He also advised that they had signed a new agreement with an increase of $1.00 per day becoming effective July 1.

Bro. T. L. Smith reporting for Houston reported that conditions were good at present but it looked like there would be a slow down due to the

Published by AsbestosClaims.Law
asbestosclaims.law/library/21435/16

fact that there were three or four jobs nearing completion. He also reported that their membership, at a Special Call Meeting February 13, voted to adopt the assessment system instead of dues, voting a 5 per cent assessment on total wages earned. This action was taken with a view of placing a representative in the field in the very near future.

Brother Mehle, reporting for New Orleans, reported that conditions were good with outside men in his territory at this time. He also reported that they had signed agreements with all shops in their city, making it a 100 per cent city.

Brother Tyler, reporting for San Antonio reported that conditions had been good due to some nice jobs in Corpus Christi, but they were near completion and he expected a slow down for a short time.

President Mullaney, at this time, reported on his activities in the East on behalf of the Trade in general and the Southwest Conference in particular as part of this business was referred to him at our Conference Meeting in Houston on December 6, 1937. He then advised on several Trade Laws.

The matter of payment of assessment was discussed and it was decided that the membership would pay the assessment of and to the Local in whose jurisdiction they were working, except as provided in our International Law under Art. 14, Sec. 10.

Nothing further appearing for attention meeting adjourned at 1 o'clock p. m. A splendid luncheon was served in the Blue Room at the DeSoto Hotel.

A Special Meeting of Local No. 53 had been called for 9:30 a. m. Sunday morning and was attended by those attending the Conference and several other visitors with the exception of Bros. A. J. and Loris Essary, who had to return to Dallas Saturday night on account of illness.

The Delegates to the Conference and other visitors were introduced to the Membership of Local No. 53, after which our International President, Brother Mullaney, was called upon and gave an instructive talk which was enjoyed by all.

Among those present and addressing the Meeting was Bro. H. M. Hoffman, Secretary of the Southeast States Conference.

In behalf of the Delegates and Visitors to the Conference meeting, I wish to thank the New Orleans Membership for their many courtesies while in their city.

Dallas was selected as the next Conference city, subject to call of the President.

Fraternally submitted,

THOS. B. REED,
Secretary.

Dear Sir and Brother:

I want to tell our membership a few facts about a great Local and a great Business Agent.

A traveler took sick in its city. Furnished room. He grew worse. The Business Agent got busy. Took him to the hospital. Got him a private room. Then the crisis. Night and day nurses. An emergency operation.

After being confined eight weeks, the Business Agent took the traveler a thousand miles by train in a drawing-room to his home town and rode him to his mother's house.

The number of this great Local is 17 of Chicago, Ill., that stood the entire expense of the traveler besides that of his sister's hotel bill when she was called to Chicago in the crisis.

The name of the great Business Agent is Hugh E. Mulligan, our International Vice-President, beloved and respected by our International membership and everybody in Chicago.

The traveler and his family owe an undying debt of gratitude to the membership of Local No. 17 and to Brother Mulligan for the way the traveler was treated and sent home alive instead of in a box.

The traveler wishes to thank President Mullaney for the bouquet he sent to the hospital and both he and President Rider for meeting him at the station coming home.

Fraternally,
THE TRAVELER,

Dear Sir and Brother:

I wish to express the appreciation of Local No. 90 to our International President Joseph A. Mullaney for his recent visit to Memphis, at which time he advised our officers on a number of matters, and at the Local meeting gave our members a very interesting and instructive talk. We are always glad to have our President visit us.

We now have a new Agreement with our Master Insulators retroactive to February 1, 1938, establishing our scale at $1.25 per hour for Mechanics and 70c for Improvers, with $1.50 per day board allowance.

Dear Sir and Brother:

For the last ten years Local No. 26 has tried to get the International Form of Agreement signed, but failed.

With the excellent advice and assistance of International President Mullaney, we were able to sign the International Form of Agreement this year.

Local No. 26 has signed this Agreement for 5 per cent increase to begin January 27, 1938, and 5 per cent increase to begin July 1, 1938.

Local No. 26 wishes to express to all Locals, their thanks and appreciation for the consideration shown our membership who were on Travelers in their territories during 1937.

Fraternally yours,

Dear Sir and Brother:

On March 10, 1938, Local No. 12 honored its member, Joseph A. Mullaney, on his fiftieth anniversary as an Asbestos Worker.

This Golden Jubilee Beefsteak Stag was held in the Mecca Temple Casino, New York City, where five hundred and twenty-two, all in chef's aprons and caps, sat down to eat.

As the gathering was intended as an Asbestos Workers affair, the diners were composed of Employers, Agents, the Local No. 12 membership and delegations from many other sister Locals.

Less than a dozen of those present were from outside our craft and included Building Trades Business Agents and Officials.

On the dais were seated the members of our General Executive Board; Mr. Witherspoon, representing the New York Asbestos Contractors Association; President Meany, of the New York State Federation of Labor, and International President Ryan, of the Longshoremen, both close personal friends of Brother Mullaney; Business Agent Allen of the Plasterers, who sat in the Board of Business Agents with President Mullaney thirty-six years ago; Brother William Holton, the oldest member in both age and service of Local No. 12; and "Pop" Curry, Mullaney's old pal of Salamander days, and Edward O'Brien, who was his Helper when Brother Mullaney was elected Business Agent of the Salamanders.

~~At 8 p. m. the beer began to flow~~ and at 9 p. m. the temporary chairman, Business Agent O'Connor, introduced President George Rider as Toastmaster of the evening. This was followed by the singing of the National Anthem, led by Miss Belle Gannon, one of the entertainers.

Then came the eats, and all you wanted.

At 9:30 the speakers began. Included among those who praised Brother Mullaney for his long years of service in our industry were President Witherspoon, of the New York Asbestos Contractors Association, and Mr. Cooper, who in the name of the Employers presented to Brother Mullaney a beautiful silver plate suitably inscribed for the occasion. President Meany told what Brother Mullaney's experience and labor knowledge meant to the New York State Federation and President Ryan, of the Longshoremen, told of the respect and esteem labor in general held for him. President Trout, of Local No. 14, in the name of the Philadelphia Employers, presented Brother Mullaney with an "eight hour" marine clock. President Rider, on behalf of the Local No. 12 membership, presented him with a handsome buffalo skin traveling bag and toilet set. Vice-President Mulligan, after telling what Brother Mullaney did for, and meant to, our craft, presented him with a copper photograph plaque. Brother Mulligan then called Joe, Jr., to the dais and also, in the name of our affiliated Local Unions, presented him with a wrist watch to take home to "Mom" Mullaney.

The last speaker was our honored guest, Brother Mullaney, who briefly sketched life in our craft and in our city fifty years ago, and then thanked the donors of his gifts and each and every one connected with arranging the Golden Jubilee Stag.

The floor show consisting of Six Big Time Vaudeville Acts then went on after which those remaining drank beer, sang and made merry until 2 a. m. when the Committee "called it a day."

The Committee wishes to thank the International Executive Board for accepting our invitation and being with us on this occasion.

We are glad to be able to report that the affair netted $700 for the Sick and Disabled Fund of Local No. 12.

Fraternally yours,
GEORGE RIDER,
President,

Business Agent,

Dear Sir and Brother:

Just a few lines for next issue of Asbestos Worker.

With great pleasure I wish to inform you of a deed once again well done by our good friend, President Mullaney, who was with us at special meeting January 9.

At this time the matter of new agreements with Employers for 1938, which we were having some trouble on, were gone into and some very good advice by Brother Joe on proper procedure found all in agreement.

After some further good advice on other points of interest to our craft we found it necessary to adjourn to allow time for train connections.

The result of this meeting and Brother Mullaney's efforts finds Local No. 38 membership working under new agreements calling for $1.25 per hour plus board and transportation since January 15. Thanks a million, Brother Joe.

Dear Sir and Brother:

Local No. 37 wishes to take this means to thank the International and especially President Mullaney for the services rendered us this past month.

President Mullaney visited us February 18. A special meeting was called at 8 p. m. that evening. After a short session the meeting was adjourned until 10 a. m. the following day.

President Mullaney, in company with a committee of three from Local No. 37 visited the shop which had registered a complaint.

After quite a bit of discussion from both sides, meeting was adjourned at 12:15 p. m.

We, the members of Local No. 37, feel very much benefited due to President Mullaney's trip to our city.

Also, at this time I wish to take this opportunity to tell all Sister Locals that, when you read this, Local No. 37 will have a set rate for board on out of town work in our territory.

Please get in touch with Local No. 37 before sending men into this territory. Quite a bit of misunderstanding has come up in regard to this in the past.

Hoping by this time all the membership is back at work, I am

Dear Sir and Brother:

Local No. 21 wishes to express its appreciation to our International President Joseph A. Mullaney.

The entire personnel did not have the pleasure of meeting Brother Mullaney on his last visit to Houston, Texas, but our Business Agent, A. J. Essary, reports that his association with the President was indeed a pleasure and that the Local can easily see the good results derived from the work done by Brother Mullaney in this territory.

The International President made it possible for Vice-President Thos. B. Reed, of Houston, Texas, and A. J. Essary to recently meet and complete the minor details of signing up the Taylor-Seidenbach Company of Shreveport, La. We expect to find the signing up of this shop to be a great benefit to all the Locals in the Southwest Conference.

We are glad to report that we are working "Closed Shop" in our territory, except once in a while when the Standard Asbestos Company comes in, but we feel that it will be only a short while until Brother Mullaney will also convince them of the benefits to be derived from using our men.

We can further report that we were successful in recently getting our wage agreement signed for $1.37½

per hour until July 1, 1938, and then $1.50 until January 1, 1939.

Local No. 21 again wishes to express its appreciation to Brother Mullaney and extends to him an invitation to visit us at every opportunity.

Dear Sir and Brother:

International President Mullaney was in New Orleans and attended the Southwest States Conference on Saturday, February 19. On Sunday, the 20th, he attended a special meeting called by Local No. 53. All the Conference delegates were present as were the regular members and all the floaters in the territory. It was the first visit of the President in ten years that he found the New Orleans shops 100 per cent signed up. This was, of course, due to his own efforts in getting the last and the biggest non-Union outfit to sign agreements.

He reviewed the history of our Local, particularly for the younger members, and told how he gave his first Union talk in our craft at lunch time to the Asbestos Workers on the Post Office then being built—24 years ago.

Organizer Tom Reed made a short talk as did Business Agent Tyler, of San Antonio, Texas. Business Agent Hoffman of Atlanta, Ga., did likewise.

All our membership are at work. We have a few travelers also. Future looks good for us.

Dear Sir and Brother:

Local No. 14 at this time wishes to extend its heartfelt congratulations to our International President, Joseph A. Mullaney, on the rounding out of a half century of service to men of the past and present of our trade. Our heartfelt wishes are that the best of his life is yet to come, and that he may remain in our midst for many years to come. Local 12, the President's own Local, is also to be commended for the able manner in which they entertained Brother Mullaney on his Fiftieth Anniversary.

A committee of four from Local No. 14, who were present along with their Business Agent and International Vice President to enjoy the festivities, also wish to express their gratification to the officers, committee in charge, and members for the brotherly spirit in which they received all visiting Brothers. The writer enjoyed hearing the International President reminiscing on the past 50 years. It sure brought back past and pleasant memories and made him feel as though he were living life over again.

By way of showing appreciation, Local 14, in the month of May, date not decided, is to honor their Secretary-Treasurer, William Scout, by tendering to him a testimonial and by paying respects for his service to Local 14 covering over a quarter century as an officer. More about the testimonial in a later edition from the committee in charge.

Sincerely hope that the trade will soon perk up and that all Locals will be up to their eyes in work.

Best of wishes to you.
