REPORT OF THE GENERAL PRESIDENT

Elmhurst, L. I., October 16, 1939.

To the Officers and Membership, Affiliated Locals,
Greetings:

The activities of your President during the past quarter began at the General Office from which with Secretary Sickles he attended the General Presidents' Conference called by President Green when the "WPA" announced its wage reductions. Next came the sad duty of representing our International Association at the burial of President McInerney of the Building and Construction Trades Department, in New York City. Secretary Sickles also was in attendance.

Then to Syracuse and the New York State Conference of Asbestos Workers.

The next jump was to Toledo, where with Vice President Dalton a conference was attended between the Toledo Employers and the Agreement Committee of Local 45. This Conference adjourned with the Local in possession of an International form of Joint Trade Agreement, and a wage increase of 6¼ cents per hour effective January 1, 1940. This was followed by a meeting of the Local that ratified same.

Then to Chicago and a conference with Vice President Mulligan.

Next came the Convention of the New York State Federation of Labor in New York City that was preceded by the monster parade featured in moving pictures throughout the country.

Then came Cleveland and a conference with Vice President Dalton. St. Louis came next where a conference with the Employers and Local 1 strike committee followed by a Local meeting ended a three weeks' strike with a 12½ cent wage increase effective November 1, 1939. Then to the General Office on certain work with Secretary Sickles.

Next came Troy, N. Y., and the funeral of John M. O'Hanlon, Secretary of the New York State Federation of Labor for the past sixteen years. Brother John Fallon, Secretary of the New York State Conference of Asbestos Workers, was present representing that body.

Then to Buffalo where with Business Agent Rice a conference was held with Mr. Sapp, of the Carey Company, and Mr. Carlson, representing the "Laco" shop, of Jamestown. This conference resulted in the shop lining up with our International Association with resident cards out of Local 4, Buffalo.

Then to Greensboro, N. C., where with Vice President W. L. Causey, of the North Carolina State Federation of Labor, a conference was held with Mr. Starr Davis that resulted in his shop and the Bonitz shop workmen being granted a charter for Greensboro, N. C., and vicinity.

Charlotte came next and a meeting with the Employers and Local Executive Board followed by a meeting of Local 61. Then to Atlanta where a meeting of Local 48 followed by a conference with the Armour shop officials and Local Committee settled local existing difficulty, and again placed the shop on the fair list.

Next to Birmingham where with Secretary Brackett and Brother Copeland, of the Building Trades Council, a conference was held with Mr. Badham with the result that the Badham Insulation Company is now operating under a signed Trade Agreement.

New Orleans came next, where a shop visit with Vice President Reed and the officers of Local 53 resulted in a better understanding all around as your President explained to the Local meeting that followed.

Then with Vice President Reed to Houston and a meeting of Local 22. Next with Vice President Reed to San Antonio and the quarterly session of the Southwest Conference followed by luncheon with your President the guest of honor and attended by local Labor leaders.

Memphis was the next jump and a conference with President Finley and Business Agent Crawford.

Then to Cincinnati and the Convention of the Building and Construction Trades Department where our International Association was officially represented by your President and Vice President Mulligan. This Convention confirmed the appointment of John P. Coyne as its President and adopted a plan to settle jurisdictional disputes. President Byron, of the Sheet Metal Workers, succeeded Brother John Hynes, deceased, as a member of the Executive Council. Assistant General President George Masterton of the U. A. Plumbers and Steam Fitters succeeded President John Possehl of the Engineers', resigned, as a member of the Executive Council.

Next in the same city came the Convention of the American Federation of Labor at which our International Association was officially represented by your President and Secretary Sickles. The proceedings of this gathering received daily press publicity of which you are no doubt fully informed. Secretary Frank Morrison, having completed forty-three years of service as Federation Secretary-Treasurer, was retired on a pension of $6,000 a year. He was succeeded by George Meany, a New York City plumber and the President of the New York State Federation of Labor. George Meany is a warm personal friend of your President, who, like his father, was a "walking delegate", in New York City in the old days.

First Vice President Frank Duffy, of the Carpenters, declined a renomination. He was succeeded by William Hutchison, of the same organization. New Orleans was chosen as the Convention City for 1940.

While in Cincinnati, your President and Secretary Sickles attended a meeting of Local 8 and also spent a week-end at Nashville where they met the Employers and the Local Committee and attended a Local meeting. A week-end was spent in Louisville in conference with Business Agent Stultz, later folowed by a meting of Local 51.

The next stop was Columbus where your President and Secretary Sickles attended the Central States Conference of Asbestos Workers, presided over by their President Dalton.

Our regular shop work is spotty but at the present writing the Badger, Kellog and Loomis outfits are keeping us busy supplying their labor demands.

Fraternally,

Joseph D. Mullaney

President

C. I. O. Main Barrier to Labor Peace

The hundreds of delegates attending the annual convention of the American Federation of Labor adopted unanimously the report of the Resolutions Committee on the communication from President Roosevelt that negotiations for a settlement of the controversy between the A. F. of L. and the C. I. O., which were abruptly broken off last summer by John L. Lewis, chairman of the C. I. O., should be resumed and continued until unity in the labor movement is achieved.

The report presented by the Resolutions Committee, of which Matthew Woll is chairman and John P. Frey, secretary, reviewed the efforts taken by the American Federation of Labor to secure labor peace and charged the C. I. O. with absolute and complete responsibility for continuance of disunity by setting itself up as a permanent organization last November and by more recently invading the building trades whose workers are well organized in the Building and Construction Trades Department of the American Federation of Labor.

In addition, the report outlined the resumption of negotiations with the C. I. O. last February at the request of the President, only to have the conference between the two groups brought to an end by the decree of the chairman of the C. I. O.

The text of the report adopted by the convention follows:

"Your Committee has had before it for consideration, the letter addressed to this convention by the President of the United States, in which he urged the American Federation of Labor to again meet with representatives of the C. I. O. for the purpose of endeavoring to bring unity in the American trade union movement.

"We also have the reply made to that communication by the President of the American Federation of Labor.

"It was impossible for your Committee to consider these two important communications without keeping in mind the detailed and historic record covering the efforts of the American Federation of Labor from the beginning to bring unity into effect.

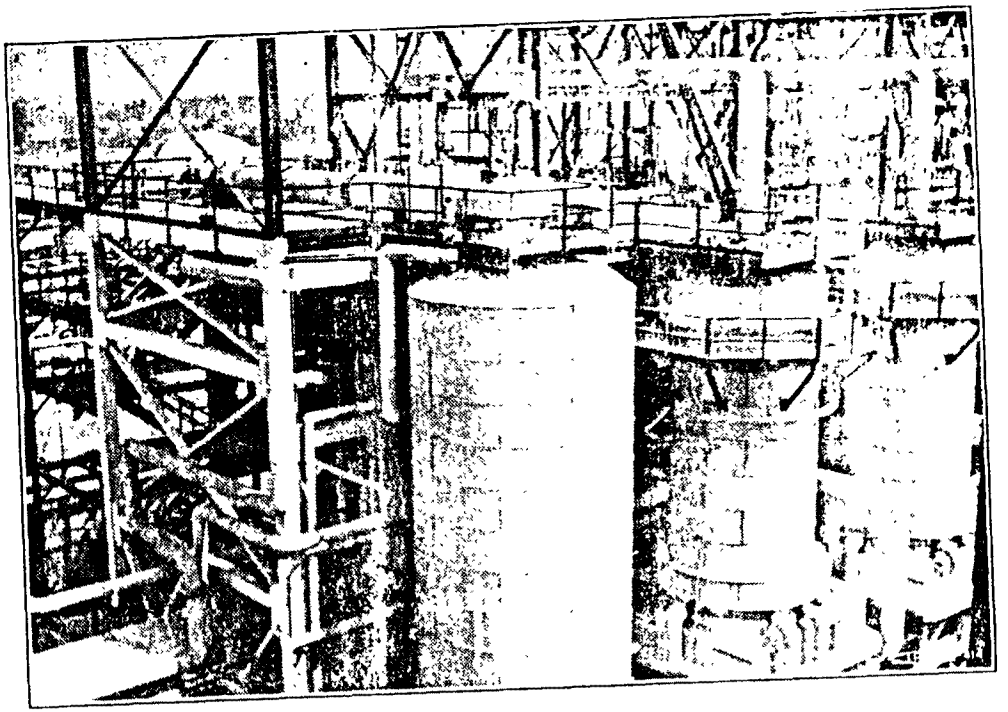

"The record presented to this convention by the Executive Council of the A. F. of L. is exhaustive. It is a record of the facts, a record which indicates that from the time the C. I. O. was organized, continuous efforts were made by the American Federation of Labor to heal the breach.

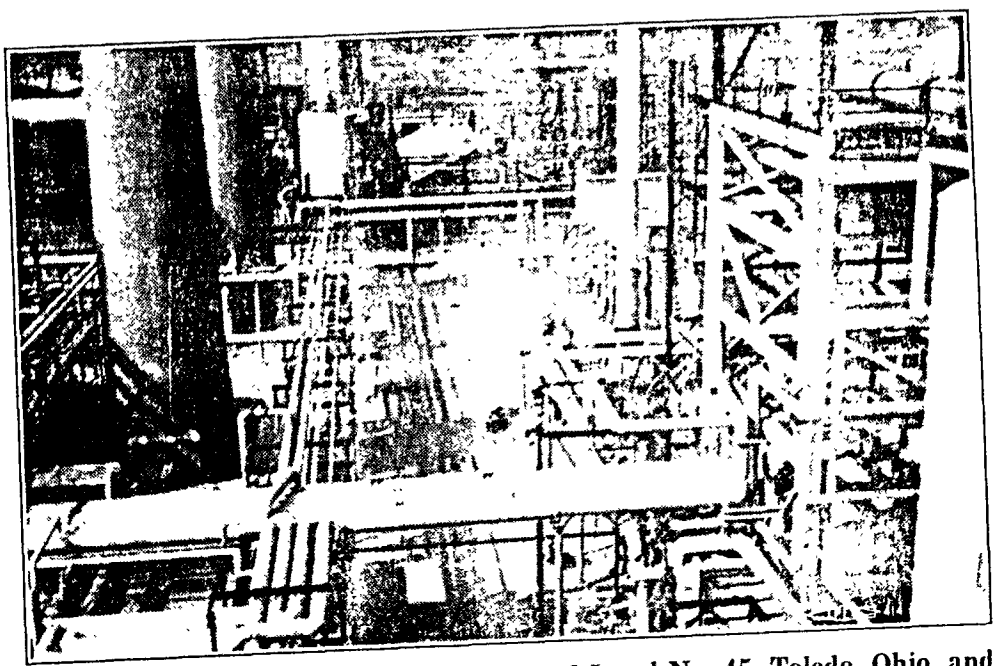

"The record indicates that before the President of the United States took official notice of the breach, a conference was held between duly appointed representatives of both organizations, and that the conference referred to was able to reach an agreement as to the principles involved in establishing unity and the methods by which those principles would be applied.

"The record further indicates that after the representatives of the

Then to Baltimore and meeting of the Joint Trade Board which resulted in signing of Joint Trade Agreement which had been under negotiation for considerable time. This meeting further considered and effected understanding on several issues brought to the attention of the Trade Board.

Dear Sir and Brother:

Enclosed find a photograph which we request you publish in the October Journal issue.

It was taken on Saturday, August 12, when a parade of the New York City Trade Unionists, both men and women, numbering 87,600 good-standing members of the American Federation of Labor welcomed the delegates to the New York State Federation of Labor Convention in New York City.

This parade, held under the auspices of the Central Trades and Labor Council, with music furnished by 176 bands and including 104 floats and 39 pieces of building and construction machinery, formed line at 10 A. M., and marched in solid array past the reviewing stand until 9:30 P. M.

Local 12 lined up 500 strong with over-sea hats lettered on the one side "International Association of Asbestos Workers" and on the other "Local 12". Together with the white shirt and black tie that comprised the uniform that each man wore as they marched with flag in hand behind the 20-foot wide, 3-foot deep "Spreader" reading "Our only ISM is AMERICANISM". The silken banner of Local 12 was flanked by two American flags.

The parade was reviewed by Governor Lehman, Lieutenant Governor Polletti, Senator Wagner, Mayor LaGuardia and last, but by no means least, President William Green and most all National and International Union officers.

President Mullaney saluted each rank of Local 12 marchers as it filed past him on the reviewing stand. The Local 12 membership was led by President George Rider and the Local Officers.

The moving pictures of this parade are to be shown at the Convention of the American Federation of Labor, and will no doubt prove an eloquent sermon to show just what Organized Labor can do when it tries.

DECISION

The following case referred to President Mullaney for investigation and decision:

Local No. 86, Nashville, Tenn., vs. E. J. Ridling, A. B. Gibson and J. D. Mitchell, of Local No. 48, Atlanta, Ga. Your President had taken testimony from the defendants at Atlanta before this day's hearing at Nashville, Tenn. Local No. 86 presented both oral and documentary evidence. The decision is that the case be DISMISSED, as entirely without foundation with the facts thereto as presented to the General Executive Board for consideration.

President

C. I. O. Main Barrier to Labor Peace

(Continued from page 4)

C. I. O. had agreed on these principles and methods, that they were vetoed by the Chairman of the C. I. O., his action, in substance, being a repudiation of what his own representatives had agreed to.

"The President of the United States appealed to the Houston Convention last year to take immediate steps to heal the breach which existed, a similar communication being sent to the representatives of the C. I. O.

"The convention by a unanimous vote complied with the President's request.

"Although the American Federation of Labor placed itself publicly on record as favoring a conference with the representatives of the C. I. O., the response from that organization was the immediate calling of a conference in Pittsburgh, Pa., for the purpose of setting up a permanent established C. I. O. movement.

"On February 23, 1939, the President of the United States addressed a letter to the President of the American Federation of Labor and the Chairman of the C. I. O., calling attention to the necessity for unity in the American trade union movement, and urging that peace conferences between the two organizations be resumed.

"As a result duly appointed representatives of both organizations did meet, their conferences adjourning so that the Chairman of the C. I. O. could give his attention to negotiations between the United Mine Workers of America and the Coal Operators.

"Conferences were postponed upon the request of the Chairman of the C. I. O., and with the definite understanding that they would be resumed, and that he would notify the representatives of the A. F. of L. immediately it would become possible for him to take part.

"Although the Committee of the A. F. of L. has held itself in readiness, it has failed to receive any further information as to when the conferences would take place.

"On the other hand, public announcement was made in the interim by the Chairman of the C. I. O., that peace as such was secondary to the objectives of that organization.

"Shortly after, in a communication addressed to officials of the C. I. O., reporting on the meeting of its Executive Board, he wrote:

" 'Among the many problems discussed at length was the question of

All bills read and upon motion ordered paid.

The minutes of the last regular meeting were read and approved.

Communications were read from Int'l Secretary Sickles, United States Senators Wagner and Mead; Congressmen Byrnes and Merritt, and were ordered filed upon being noted by the delegates.

Int'l President Joseph A. Mullaney reported on the request of Local No. 4, of Buffalo, N. Y., requesting assistance from the General Office in its effort to unionize the Laco Company, of Jamestown, N. Y. President

Published by AsbestosClaims.Law
asbestosclaims.law/library/21441/27

Mullaney stated that he had the situation well in hand and would deliver a report to all Locals concerned in the near future.

Delegate Rice, of Local No. 4, Buffalo, N. Y., reported that conditions in the Buffalo area are excellent at the present time. All men are working and there are a few men in from Local No. 26, Rochester, N. Y. Two new housing jobs are contemplated in the Buffalo district and the National Biscuit Company intends to erect a new plant soon.

Delegate Rice said that the Buffalo territory is 100 per cent organized and he also spoke on his method of having the Workmanship Code enforced.

Delegate Edward Redmond, of Local No. 12, New York City, reported conditions are very poor in his territory. The Badger Company recently laid off 127 men and this layoff also extended into other crafts in the building trades. Considerable work remains to be finished although the job is 95 per cent completed.

Delegate Redmond also reported that all Local No. 12 men quit work on W. P. A. jobs in New York City and the Building Trades Council held a special meeting and all trades in New York City stopped work on the W. P. A.

Delegate Beikirch, of Local No. 26, Rochester, N. Y., reported conditions are vastly improved in the Rochester area. Half of the Local is able to obtain work in the city. Delegate Beikirch also stated that the remainder of the Local members obtained work in Buffalo, N. Y., and Toledo, Ohio.

Delegate McCormick, of Local No. 30, Syracuse, N. Y., reported that all men are at work for the past few weeks and prospects for the future look exceedingly bright.

There isn't a boom in sight but the work is plentiful at this time. Local No. 30 is receiving considerable work in the Binghamton, N. Y., area and has received considerable support from the Binghamton Building Trades Council.

The Oswego Power House Project is still some distance in the future and it will be some time until it is ready for the Asbestos Workers.

Delegate McCormick also spoke on various types of insulation work being done in the Syracuse area.

Delegate Fallon, of Albany, N. Y., reported that work has been very poor with but 20 per cent of Local No. 40 at work. Conditions for the future are uncertain and it is hoped that conditions will improve by Fall.

It was regularly moved and seconded that the Conference expects all Locals to enforce the Joint Trade Agreements to the letter and spirit on all operations wherever situated including those of W. P. A. or any other Federal, State or Municipal agencies. Carried.

Int'l. President Mullaney addressed the Conference and spoke on the Indiana Harbor job and general conditions which affect our craft throughout the country. He also spoke on the Workmanship Code and emphasized the importance of doing good work.

President Rice of the Conference declared nomination for Conference Officers in order. He vacated the Chair in favor of Int'l. President Mullaney.

The following officers were nominated: Charles C. Rice, President; Burton Beikirch, Vice President; John C. Fallon, Secretary-Treasurer.

There being no opposition, Chairman Mullaney then instructed the Secretary to cast one ballot for the officers.

The business of the Conference having been completed, the meeting adjourned at 3 p. m.

Respectfully submitted,

Secretary.

All bills read and upon motion ordered paid.

The minutes of the last regular meeting were read and upon motion, were ordered approved.

Delegate Edward Redmond, of Local No. 12, reported on the proceedings of the Seventy-sixth Annual Convention of the New York State Federation of Labor, convening in New York City on Tuesday, August 15, 1939, at 10 a. m. He stated that the Convention was welcomed to New York City by a huge parade composed of all A. F. of L. Trade Unionists of the City of New York. The Asbestos Workers of Local No. 12 were well represented by having over five hundred members in line. Delegate Redmond also stated that the parade started at 9 a. m. and continued until after 10 o'clock that night. Over one hundred thousand Trade Unionists from New York City were in the line of march as well as one hundred seventy-six different bands and numerous floats depicting various types of work performed by the different crafts.

Delegate Redmond spoke of the fine appearance which the Asbestos Workers made and stated that their deportment was exemplary and they were a credit to their organization.

Delegate Redmond said that the Local Parade Committee deserved a lot of credit for so fine a representation, it being one of the greatest sights it has been his good fortune to witness. He also stated that our Int'l President Joseph A. Mullaney as First Vice President of the New York State Federation of Labor was on the reviewing stand and saluted each individual line of Asbestos Workers as it passed in review.

Delegate Rice, of Local No. 4, of Buffalo, N. Y., reported that conditions in the Buffalo area are the best they have been in years. All members are at work and there are many travelers working in Buffalo from almost every Local in the state. He stated that the Badger job is running smoothly and that they are finishing the work as they go along. He feels optimistic regarding the job and thinks that the Asbestos Workers will finish the work 100 per cent.

Delegate Rice also reported on the General Plastic and the new Housing jobs and said that the reports from those jobs are most encouraging. He expects to place additional men on these jobs within a few weeks.

Delegate Rice spoke on the Laco situation in Jamestown, N. Y., and said that he expects to do business with Mr. Carlson of that company within a short time and hopes to have this condition cleared up to the complete satisfaction of everyone.

Delegate Redmond, of Local No. 12, New York City, reported that conditions in the New York City area are very bad at this time with a large number of men out of work.

There are a few jobs coming along now, among them the Metropolitan Company's apartment houses to cost approximately sixty-five million dollars, the East Harlem Housing Project to cost eight million dollars and the new state jobs at Brentwood and Kings Park. There is expected to be considerable activity at the Waterside Power House where new boilers are to be installed within a short time.

Delegate Redmond expressed his thanks to Business Agent Rice of Local No. 4, of Buffalo, for using the thirty-nine men from New York City who are now working in Buffalo.

Prospects for future work in New York City are poor and it is hoped there will be some improvement this fall.

Delegate Beikirch, of Local No. 26, Rochester, N. Y., reported that work is slow in Rochester but the idle men have been able to secure work in Buffalo, N. Y.; Toledo, Ohio, and Detroit, Mich.

Prospects for future work in Rochester are poor and it is hoped some improvement will be shown by fall.

Delegate Beikirch wished to thank Business Agent Rice, of Buffalo, N. Y., for his kindness in securing work for Rochester men who are now working in Buffalo.

Delegate McCormick, of Local No. 30, Syracuse, N. Y., reported all members at work and a few men in on travelers from other Locals. He stated that work on the new Power House in Oswego, N. Y., is coming along slowly and it will be mid-winter before the work will be ready for the Asbestos Workers.

Delegate McCormick also spoke about the Building Trade Councils in the Syracuse area which have levied assessments on Asbestos Workers whenever at work in their territories. He said that this practice was unfair and felt that the Asbestos Worker should be relieved of this levy.

Delegate Fallon, of Local No. 40, Albany, N. Y., reported conditions are unchanged and prospects for work in the future are poor.

Delegate Fallon wished to thank both Business Agents Rice and McCormick for their kindness in using several Albany men in the Buffalo and Syracuse areas.

Delegate Fallon stated that there are a few fair sized jobs coming along late this fall.

Int'l. President Mullaney addressed the Conference, speaking on the importance of having Workmen's Compensation or Insurance. He stressed the advisability of having an insurance clause in our International Form of Agreement, and stated that an addenda could easily be added to the Agreement that all shops should carry insurance to protect the working man. He went on to illustrate that in certain States a shop must employ as many as twelve men before it is obliged to carry insurance to protect its workmen.

The Conference then rose as a body and with bowed heads stood in reverent silence for one minute in respect of Brother John M. O'Hanlon, Secretary-Treasurer of the New York State Federation of Labor, who passed away in Troy, N. Y., September 1, 1939.

The business of the Conference having been completed, motion was made and seconded to adjourn at 3:15 p. m.

Respectfully submitted,

JOHN C. FALLON,
Secretary.

Regular Delegates Leib and Hackett from Local No. 70, were noted as absent as per letter signifying the necessity of working in the Navy Yard.

Minutes of the previous meeting were read and approved.

Communications: From Local No. 23, requesting an adjustment of dues for Brother Al Shadrick for the months worked in Fresno prior to transfer, was read and debated and resulted in an agreeable adjustment for payment of dues to Local No. 23 from July, 1939.

From Local No. 70, requesting an understanding as to jurisdiction of Local No. 16 with a view of Local No. 70's members being permitted to work on work outside of the Navy Yard in Vallejo. It was recommended that the Secretary communicate with the International Offices for an understanding as to the territorial confines of Local No. 70 and their work possibilities under the existing charter.

Reports of Delegates: Delegate Michener, reporting for Local No. 5, stated that a few of their men were idle but that future work looked good.

Delegate Brown, reporting for Local No. 16, reported work rather slack at present but with the future appearing bright.

Unfinished Business: Delegate Games stated the position of Local No. 23 with respect to Armstrong Cork on the State Building at Sacramento and his Local's activities during the recent Conference controversy regarding the Armstrong Company.

New Business:

It was recommended that the Secretary communicate with the Sacramento Building Trades Council requesting acknowledgment of jurisdiction of work coming under our International's jurisdiction.

It was recommended that a "We Do Not Patronize" list be established as a course of due process with respect to possible controversies with some employers. After a considerable debate, it was amended that when national manufacturers or their direct franchised agents are involved, that the Local having such firm before its Board shall request the attendance of a representative from each of the other affiliated Locals in the Conference in order that they may fully understand the issue and terms of settlement..

Financial Secretary's report was read and approved.

At the request of the Northern Locals, the next Conference will be held at the Clunie Hotel, in Sacramento, on December 9, 1939.

C. I. O. Main Barrier to Labor Peace

(Continued from page 18)

unity, and it has been clearly demonstrated that peace within the A. F. of L. is impossible except upon their terms and conditions. This would mean the stripping of many of our new unions and the abandonment of organizing the unorganized in industrial unions. This the C. I. O. will not do.'

"This communication was shortly followed by another public statement announcing the determination of the C. I. O. to invade the jurisdiction of the building trades, thus clearly indicating that instead of considering peace negotiations, the C. I. O. was arbitrarily preparing for an intensified campaign of antagonism.

"In full appreciation of the President's efforts to be helpful in bringing unity within the American trade union movement, and appreciative of the efforts which he has made, we submit that the record from the time the C. I. O. was organized contains continuous efforts on the part of the American Federation of Labor to make unity a fact, that all of these efforts have been thwarted by the Chairman of the C. I. O.
