REPORT OF THE GENERAL PRESIDENT

Elmhurst, L. I., June 30, 1940.

To the Officers and Membership, Affiliated Locals,

Greetings:

The activities of your President during the past quarter commenced at the General Office for some time and then arranged for a trip he had intended making.

Then to New York City and visited some of our firms in the interests of certain of our Local Unions.

Next came the conference with Vice-President Hunter, of Philly, and later a trip to York, Pa., where a meeting of Local No. 65 was held.

Then back to Philadelphia.

Next with Vice-President Hunter, to Allentown, Pa., and a meeting of Local No. 71.

Then home to arrange for a trip, when my old friend, the "flu," for the third time in fifteen years, floored your President on the 15th of May. Your President was indoors for three weeks and is now out and around again. Have done some work at the office and with Secretary-Treasurer Sickles made a trip to Wilmington, Del., and attended a meeting of Local No. 42.

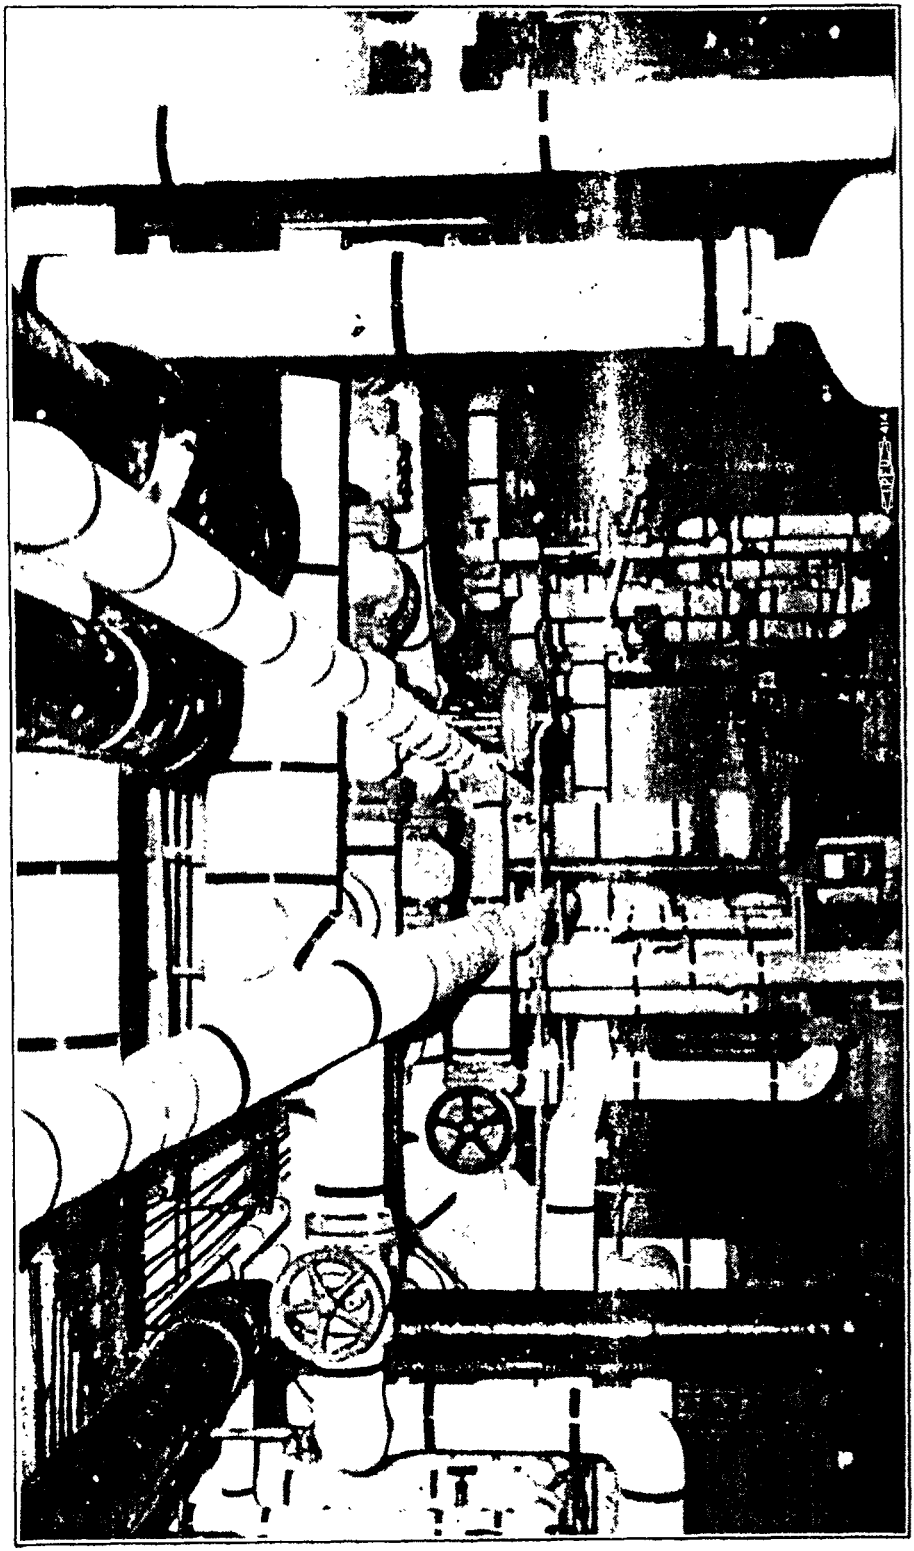

Work of our craft showed very little if any improvement throughout the country during the last quarter.

Fraternally,

Joseph A. Mullaney

President

"The Fifth Column"

By Dr. Charles Stelzle

Of all the inventions of modern warfare, the thing that strikes the greatest terror into the minds and hearts of a whole population today is not the bombs that fall in the night upon the city or quiet country-side, nor even the swift torpedo or lurking mine that sinks the unarmed merchant ship. Such methods of attack have been anticipated and measures of defense have been prepared to meet them through the use of air-raid shelters, gas masks or life-boats.

The new horror is an old invention come back—one that is as old as history—but which was outlawed by civilization and renounced forever by all the belligerent countries at the Hague Conference.

It is the "Fifth Column"—or the Trojan Horse—the relentless boring from within, like termites gnawing at the foundation until the whole structure is rotten and the slightest breeze sends it crashing into ruins. This "Fifth Column" consists of traitors who have come not like a thief in the night, but as a "friend" at noonday, in some cases living in the homes of their innocent victims, winning their confidence, their friendship, and even their affection, until the time has come to strike. And when they do strike, they prefer stabbing in the back.

These foreign enemies have sometimes come clothed in the uniform of those whom they have later betrayed, at the critical moment throwing off their disguises and revealing their weapons of destruction. The Democracies of the world have been battered to their knees by such forces. Without the "Fifth Column" Denmark and Norway would still be masters of their own fate. And now Holland and Belgium are face to face with it.

This is not the kind of war that men have glorified for centuries—an open fight between recognized opponents. The tactics are those of gangsters, of bank robbers, of parasites that live on the work and honest labors of other men. In our righteous indignation against these tactics used abroad, don't let us forget that the same tactics are being practiced right at home. We have our own "Fifth Column" to fight.

Our "Fifth Column" starts by fomenting hatreds in our midst. It foments race or religious hatreds, class prejudices, setting group against group, class against class, and individual against individual. Its real purpose is to break down our Democracy.

Now, of all times, we must be a united country, sinking petty differences and dislikes in one concerted effort to keep America a free nation—free not only in government, but free from the subversive influences that would sap its life blood through hatred among ourselves. Let us remember that "eternal vigilance is the price of liberty." Let us set a watch upon our tongues, our minds and our hearts. If we do this—the "Fifth Column" cannot enter here.

DECISION

The following appeal referred to Vice-President Dalton for investigation and decision:

Appeal of Bro. Walter M. Hughes, Reg. No. 6319, against trial action and penalty of home Local No. 84 was heard. Local Union action Sustained.

REPORT OF THE SECRETARY-TREASURER

Washington, D. C.,

July 1, 1940.

To the Officers and Membership, Affiliated Locals,

Greetings:

The activities of your Secretary-Treasurer away from the General Office during the past quarter, in accordance with instructions of President Mullaney, began at Baltimore, Md., and conference with National and International Labor representatives in a morning and afternoon session held at the Lord Baltimore Hotel.

Then came Hartford, Conn.; and conference of all New England A. F. of L. affiliated Local Unions. This is the second such conference held in the New England States with all participating in agreement that the experience and benefits derived from the previous conference more than justifies the holding of these conferences annually and this policy no doubt will be followed out in the future.

While in Hartford attended the meeting of our New England States Conference of Asbestos Workers, the minutes of which appear elsewhere in this Journal issue.

After adjournment of Conference session your Secretary-Treasurer listened to representatives of both our Connecticut Local No. 33 and White Plains, N. Y., Local No. 91 on subject matter of territorial jurisdiction and Constitution interpretation with your Secretary-Treasurer deciding "that the understanding between the two Local Unions on expenses when working in the jurisdiction of the other Local Union would remain the same as the understanding entered into and in effect for over ten years."

Your Secretary-Treasurer officially represented our various Navy Yard Local Unions at the hearings held in this city by the Navy Department Wage Board of Review and also submitted brief to substantiate a general increase in rate of wage for our Navy Yard workers and the elimination of the several craft classifications. The Navy Department Wage Board of Review is at the present time considering the testimony as submitted by the various Trades through their respective representatives and the decision is to be expected in the near future which will be duly publicized in the daily press.

Published by AsbestosClaims.Law
asbestosclaims.law/library/21444/6

Committees representing the Portsmouth, Va., and Philadelphia, Pa., Navy Yard workers were present and attended the hearings in this city.

Then came New York City and conference with President Mullaney on several issues confronting our International Association.

Later, representing President Mullaney, attended the funeral services and interment of Brother Edward Redmond, Business Agent of our Local No. 12, New York City.

Next, in company with President Mullaney, came a meeting of our Wilmington, Del., Local No. 42, at which several Trade issues were discussed and the membership advised.

Then to Baltimore, Md., where a committee representing our Local No. 11 and the Employers' had, after a series of conferences, agreed to disagree as to terms of proposed new Joint Trade Agreement. After due consideration, a proposal was worked out which found the committee representatives of the Employers' and the Local Union in agreement as to the terms of same.

This proposed new Agreement provides an increase in rate of wage in the amount of 6½c per hour immediately, an additional 6½c per hour increase January 1, 1941, and a third increase of 6½c per hour July 1, 1941, with proportionate increase for Improvers.

This Agreement further includes clause providing for 25c per hour over the Agreement wage rate for Mechanics and proportionate increase for Improvers employed on "shift work" including those employed on the day shift; this to apply only on actual shift operations comprising three full shifts daily. Any other work performed outside the regular work hours as defined in the Agreement comes under and will be paid for in accordance with terms of the Agreement covering "overtime."

Later, a special meeting of our Baltimore, Md., Local Union voted approval and acceptance of the Agreement as worked out by the committee representing the Employers' and the Local Union.

In conclusion I wish to call the attention of our affiliated membership to the numerous requests received (from individual members) by the General Office requesting advice as to localities offering employment to the Trade. These individual inquiries have been so numerous that it has been physically impossible for the General Office to do justice to them and wish to call your attention to the fact that such requests must be submitted through the official representative of your Local Union in order to receive proper attention at the General Office.

Fraternally yours,

C. W. Sickles

Secretary-Treasurer

A. F. of L. Will Do Its Part

The American Federation of Labor "can be relied upon to do its full part" in the national defense program, President William Green declares in a signed editorial in the July issue of the American Federationist.

"We realize that the fate of our free labor movement is bound up with the fate of democracy" says Mr. Green, "and that we can defend democracy only by proving its capacity and effectiveness for defense as well as for honorable living."

Events in Europe, Mr. Green finds, "have roused our nation to the inescapable conclusion" that the "consequences of this revolutionary struggle will not be confined to Europe." If we believe in democracy, he adds, we must be prepared to defend it. While we abhor war and its destructive consequences, he concludes, "unless we are prepared to maintain our own way of life, we shall find ourselves in the position of those European nations that failed to heed warnings."

Special articles in the magazine, which appears for the first time this month in its new, stream-lined format, discuss problems involved in labor's role in defense and the availability of an adequate supply of skilled workers.

Dear Sir and Brother:

Let me take this occasion to tell you how much the membership of Local No. 11 appreciated your visit and the work you did in obtaining new signed Joint Trade Agreement for our Local Union.

It is one thing sure that whenever Local No. 11 calls on our International Secretary-Treasurer he sure is right on the job and it seems that it is never too much trouble for him to put his shoulder to the wheel to keep things going for us.

Here is hoping that Brother Sickles will make his visits to us more often and I wish to thank him on behalf of the officers of Local No. 11 and myself for all he has done for us.

Our new Agreement provides in addition to other changes an increase for Mechanics effective immediately in the amount of 50c daily, a second increase for Mechanics in the amount of 50c daily effective January 1st, 1941, and a third increase for Mechanics of 50c daily effective July 1st, 1941, with proportionate increase for Improvers, our new Agreement being for the period of 18 months.

Hoping that Brother Sickles will be with us again in the near future, I am

Y.

Meeting was called to order by President Anton Sevelius at 12 o'clock, noon.

Minutes of the last Conference meeting held at the Local No. 6 Office, Boston, Mass., March 9, 1940, were read and approved.

Communications were read and ordered placed on file.

Delegates Carlson, Olson and Nelson, Local No. 31, report that work hadn't been so good since the last Conference meeting, but luckily had most of the membership working with some out on Traveler in Connecticut and Washington, D. C. Working conditions for the summer look very good.

Delegates also report on the tactics of one of the signed shops which holds grievances against men when they seek work elsewhere while loafing for said shop. Some of the men choose to loaf rather than get in wrong with the Employer, a condition that all delegates agreed was deplorable.

Delegates report further that on request of one Employer a special Joint Trade Board meeting was held relative to his request for a change in the Article pertaining to "Board" in the existing Agreement, but the Trade Board voted that no change was to be made until the expiration of the present Agreement.

Delegates Soelch, Murphy and Gaspic, Local No. 33, report that business for the past quarter has been very good with Travelers in from Sister Locals. Still have one Traveler on at the moment and will need a little outside help during coming quarter.

State building program advancing rapidly with most of the projects expected to be turned over to the State by July 1st.

Delegates also report signing of Joint Trade Agreement for the new year starting July 1, 1940, with no changes in the Agreement of previous year.

Delegate Hoff of Local No. 6 reports that his men enjoyed a slight pickup during the past month after experiencing a let-down in the early part of the quarter. Some men still loafing and has others out on Traveler.

Delegate also reports on getting after his men about good workmanship as he notices that when work lets up, the cutting on workmanship begins.

Delegate reports, too, that work in near future looks very good with four Housing Projects, a new Insurance Building and a good sized job at the Procter & Gamble Soap Plant. Has ten men at the Edison Power Station on repair work alone.

Also reports that Boston Business Agents are picketing non-union built Apartment Houses and have been successful in stopping one big non-union operator to date.

Delegate reports further that Local No. 6 Executive Board has revamped the old Agreement and are presenting the International form of Agreement for adoption at their next regular meeting and is confident it will be accepted by the Local body and later by Joint Trade Board.

Delegates Sevelius and Dunn, Local No. 43, report work since last Conference meeting has been pretty good with a few members out on "Traveler" and that business for the coming quarter looks very good.

Delegates also report on the belated signing of their Agreement for the year beginning November 1, 1939, with no changes whatsoever over the last preceding Agreement.

A general discussion followed on the question of ratio of Improvers to mechanics in a shop, as brought forward by Local No. 31 delegates, and International Secretary-Treasurer Sickles advised all delegates on same.

A lengthy discussion then ensued, brought about by Local No. 33 delegates, relative to a general practice by members of other New England Locals who are violating the International Code of Workmanship clause pertaining to sewed canvas, and Secretary-Treasurer Sickles advised the Locals to clean house and stop the petty violations of the individual Employers and members.

President Sevelius called on Secretary-Treasurer Sickles for a few words, who reported on Trade conditions in general and that work was slow generally throughout the country but that a very few Locals were enjoying a mild boom and have "Travelers" in to assist in the rush.

A dispute between Local No. 33, Connecticut, and Local No. 91, White Plains, N. Y., relative to expenses paid Local No. 91 membership on jobs in Local No. 33 territory was gone into at great length and Secretary-Treasurer Sickles gave decision on same to delegates concerned.

With no further business and upon motion the meeting adjourned at 3 p. m. and all present to dinner at the Garde Hotel as guests of Local No. 33.

Respectfully submitted,

JOHN A. GASPIC,

Secretary.

MINUTES OF MEETING OF NEW YORK STATE CONFERENCE OF ASBESTOS WORKERS

West Albany, N. Y., June 19, 1940.

The quarterly meeting of the New York State Conference of Asbestos Workers was held at the Onondaga Hotel, Syracuse, New York, June 8, 1940.

The meeting was called to order by President Charles C. Rice at 10 a. m. and the following delegates responded to the roll call: Charles C. Rice, Local No. 4, Buffalo, N. Y.; George Rider, Local No. 12, New York, N. Y.; B. F. Beikirch, Local No. 26, Rochester, N. Y.; William Smith, Local No. 26, Rochester, N. Y.; P. J. McCormick, Local No. 30, Syracuse, N. Y.; C. J. Callahan, Local No. 30, Syracuse, N. Y.; J. C. Fallon, Local No. 40, Albany, N. Y.

Bills were read and upon motion were ordered paid. The minutes of the last meeting were read and upon motion were ordered approved.

Delegate Rice of Local No. 4, Buffalo, N. Y., reported that conditions in the Buffalo area are very good at the present time with all men at work. The Standard Oil job came to a close last week after running continuously for the past year and more work is expected in this plant in the near future. Two other large operations, the General Plastic and the Housing jobs, are still operating and employing a considerable number of men. It is expected that it will be mid-summer before these two jobs are finished.

Delegate Rice also reported that there will be considerable activity in the industrial line, notably the Bethlehem Steel Co., which is to erect a new plant soon. The Buffalo General Electric Company also expects to add new boilers to their present plant. The Gypsum Company is expected to erect a sizeable addition to its plant in Akron, New York.

He also spoke about a new type of insulation which has just been marketed.

Delegate Rider of Local No. 12, New York City, stated that conditions in the New York Area are fair with but 60 per cent of the membership at work, although several men are working in localities outside New York City. There are a number of jobs coming along soon, among them being a new City Hall Building on Long Island, a new High School and the Tombs Court House. Work on the Consolidated Edison Power House is progressing slowly but considerable activity is expected in the near future.

Delegate Rider also stated that Local No. 12 is requesting its employers for a new agreement and asked the support of the Conference. This request was granted.

Delegate Beikirch of Local No. 26, Rochester, reported that only 40 per cent of the Local are working in Rochester, the remainder of the men are at work in other localities. There are a few jobs coming along at this time, among them being a new power house for the Rochester Gas & Electric Light Co. and the American Can Co. is erecting a new power house

and four buildings at Fairport, New York. The work in prospect is sufficient to give employment to about 50 per cent of the Local's membership. He also stated that work on the Brockport Normal School is progressing slowly and under the present conditions the prospects for the employment of additional men on this job are remote.

Delegate McCormick of Local No. 30, Syracuse, N. Y., reported that conditions in Syracuse are good at the present time although prospects for the future are very poor owing to a scarcity of work.

Work on the Oswego Power House is progressing very slowly owing to the uncertainty of the owners regarding types of insulation to be used on this job.

He also spoke on the possibility of securing work in the industrial plants in Syracuse and vicinity due to government orders.

Delegate McCormick stated that they have signed a new agreement with the employers and except for a few minor changes it is practically the same as the old one. He wished to thank the Conference for its support in their efforts to secure this agreement.

Delegate Fallon of Local No. 40, Albany, stated that conditions in the Albany area are fair with but 80 per cent of the Local at work at this time. Prospects for the future are very good as there is considerable work coming along in the fall.

Bro. Charles Rice of Buffalo, New York, was duly elected as delegate to represent the New York State Conference of Asbestos Workers to the Seventy-seventh Annual Convention of the New York State Federation of Labor to be held in Niagara Falls, New York, Tuesday, August 20, 1940.

A discussion was held regarding the complaint of Stephen Zorovich of Local No. 12, New York City, against the Asbestos Distributors, Inc., of White Plains, New York.

The Conference went on record as demanding a satisfactory settlement of this case.

The Secretary was instructed to write the Asbestos Distributors, Inc., advising them that in the future no Local in the State of New York, except Local No. 91 of White Plains, New York, would supply them with men until a satisfactory settlement of the Zorovich case had been made.

The business of the Conference having been completed, motion was made and seconded to adjourn at 2:30 p. m.

Respectfully submitted,

JOHN C. FALLON,

Secretary.
