REPORT OF THE GENERAL PRESIDENT

Elmhurst, L. I., December 31, 1940.

To the Officers and Membership, Affiliated Locals:
Greetings:

ness. Vice-President Dalton attended in the interest of the Cleveland Building and Construction Trades Council.

As these Conventions were fully publicized, no further details need be given by your President, other than to say that President Masterton of the U. A. replaced the late John Coefield, on the Executive Council of the Building and Construction Trades Department, and Seattle was chosen the Convention city for 1941.

While at New Orleans, your officers held conference with Major Simpson of the Quartermaster's Department, representing the Army, and Joseph Keenan, Administrative Assistant, representing the National Defense Commission in the interests of our craft on Defense projects.

The Southwest States Conference held its quarterly session at New Orleans at which your President, Vice-President Mulligan and Secretary Sickles were present. It was followed by a banquet, at which our Local employers and Building Trades officials were in attendance.

Then came a meeting of Local No. 53.

While in New Orleans, your officers, learning of the death of President Colleran, arranged to have Vice-Presidents Dalton, Hennig, Hoff and Hunter represent our International Association at the services in New York City.

Dallas, Texas, was the next stop and a conference with the representatives of a local shop and the Local Executive Board, which ironed out some minor grievances. Then came a luncheon tendered your officers by the Local which was attended by the employers and local Building Trades officials.

Then came Memphis, Tenn., and a meeting of Local No. 90, attended by the travelers at work on the Dupont Powder job.

Louisville, Ky., came next and a meeting of Local No. 51 that found Business Agent Cravens, of Local No. 37, in attendance.

Charleston, W. Va., came next and a conference with Mr. Dabney, representing the Capital City Supply Company and Business Agent Adkins. Later came a dinner in honor of your officers given by the membership and attended by the employers.

Then came Washington and the General Office.

The next jump was to Syracuse, N. Y., and the regular quarterly session of the New York State Conference of Asbestos Workers.

Albany, N. Y., next and the gathering of New York State labor which considered the legislative program for the ensuing year. Secretary Fallon was present representing the New York State Conference.

Then to Springfield, Mass., with Secretary Sickles and a meeting of Local No. 43, which found Vice-President Hoff in attendance.

Next came the session of the New England States Conference, after which the delegates were the luncheon guests of Local No. 43.

Your President has issued an Organizer's credential to Brother A. L. Hullinghorst, who has succeeded Brother Reed as Secretary of the Southwest States Conference.

At this writing, and for a long time to come, the chief difficulty at the General Office is finding men to man the many Defense projects.

Your President extends to the International Officers, Local Officers and general membership best wishes for a Happy and Prosperous New Year.

Fraternally,

Joseph A. Mullaney

President

WAR DEPARTMENT

Office of the Quartermaster General

December 20, 1940

Mr. C. W. Sickles, Secretary & Treasurer
Asbestos Workers International
211 Machinists Building
Washington, D. C.

Dear Mr. Sickles:

In reference to your verbal inquiry of this morning as to the situation existing, concerning asbestos workers, please be advised that the following policy has been established:

"That all work involving employment of asbestos workers under the Fixed Fee Branch be let on a Lump Sum basis."

This policy was established on December 4, 1940, and should be in the hands of the various Constructing Quartermasters by this time.

For The Quartermaster General:

Yours very truly,
(Signed) JAMES W. YOUNGER
Lt. Colonel, Q.M.C.

Washington, D. C., December 31, 1940.

To all Affiliated Local Unions,

Greetings:

You will find attached hereto copy of communication directed to the General Office from the Office of the Quartermaster General, War Department, Washington, D. C., outlining policy of the War Department covering all Army Defense projects so far as the work involving employment of Asbestos Workers is concerned.

This policy established by the War Department in letting the work of the Asbestos Worker on a Lump Sum basis means, as we understand it in the craft, as a straight contract to an insulating contractor.

The War Department further advises that even though a part of the work of our craft may have previously been done by other than an insulating contractor, it would be advisable for the balance of the work on that project to be contracted direct to an insulating contractor.

The unsatisfactory Labor conditions existing on several projects where our membership was employed by other than insulating contractors, who could not or would not understand and recognize the terms of our International Joint Trade Agreement, particularly clauses covering overtime, transportation and board allowance, is responsible for the establishment of this policy by the War Department.

It is the desire and intent of our International Association to cooperate with our Government in every way possible in the Defense Program and in this particular instance our Local Unions are officially instructed to be guided by the policy of the War Department and to supply your membership on War Department projects only when so requested by a bona-fide insulating contractor.

Fraternally yours,

C. W. Sickles

Secretary-Treasurer

REPORT OF THE SECRETARY-TREASURER

Washington, D. C., December 31, 1940.

To the Officers and Membership, Affiliated Locals, Greetings:

The activities of your Secretary-Treasurer away from the General Office during the past quarter, in accordance with instructions of President Mullaney, began with attendance at Local No. 33 Executive Board meeting followed by regular monthly meeting of the Local Union at Meriden, Conn.

Next, together with President Mullaney, to New Orleans, La., and Conventions of the American Federation of Labor and Building and Construction Trades Department, with stop offs, meetings, conferences, etc., both on the way to and returning from New Orleans, as covered in the report of President Mullaney appearing in this Journal issue.

Baltimore, Md., came next and regular quarterly meeting of the Middle Atlantic States Conference of Asbestos Workers. This "baby" of our Regional Conferences was found well organized and already showing the results which are to be expected from any States Conference. Minutes appear elsewhere in this Journal issue.

Then to New York City and conference with President Mullaney and together with him to Springfield, Mass., and attendance at the regular Local Union meeting.

Next, together with Business Agent Dunn, to Holyoke, Mass., and conference with Mr. P. M. Taft of the P. M. Taft Asbestos Company in connection with a shop issue, which was adjusted to the satisfaction of all interested. This conference concluded with the signing of a new Joint Trade Agreement by Mr. Taft, replacing the one just expired.

Back to Springfield and regular quarterly meeting of the New England States Conference of Asbestos Workers, minutes of which appear elsewhere in this Journal issue.

Then to New York City, together with President Mullaney, and conference with Mr. H. H. Bruns of the Mundet Cork Corporation in reference to issues affecting certain Mundet agencies.

During the past quarter the Asbestos Workers employed in the various Navy Yards were awarded substantial increase in wage rate, along with all other Navy Yard employees, which was the result of a series of conferences and negotiations, principal of which was held in the City of Washington, D. C., and your Secretary-Treasurer attended these conferences, submitting data and briefs in behalf of the Navy Yard Asbestos Workers. President Frey of the Metal Trades Department of the American Federation of Labor led the Labor representatives in submitting arguments and testimony in defense of this increase in wage rates.

Fraternally yours,

C. W. Sickles

Secretary-Treasurer

Washington, D. C., December 31, 1940.

To all Affiliated Local Unions,
Greetings:

In August, 1939, Congress changed the Social Security law to provide that, beginning with January, 1940, pay from a Labor Union to an officer or employee amounting to less than $45.00 for a calendar quarter (3-month period) shall no longer count for Social Security tax purposes. This applied, however, only to Local Unions which obtained exemption from payment of Federal Income tax from the Bureau of Internal Revenue.

The rules of the Bureau of Internal Revenue provided that, a National Labor Organization could obtain exemption from payment of Income Tax (and, incidentally, from payment of the Social Security Tax referred to above) for itself as well as its affiliated Local Unions by making the proper application.

Our General Office accordingly has applied to the Bureau of Internal Revenue on behalf of all our affiliated Local Unions for such exemption and we have been advised by the Treasury that the exemption has been granted. This means:

(1) That your Local Union is no longer required to pay Social Security taxes on or furnish Social Security reports covering the pay of any officer or employee who is paid wages by the Local Union of $45.00 or less in any calendar quarter.

(By calendar quarter we mean each 3-month period for which the Bureau of Internal Revenue requires employers to furnish Social Security reports; for example: the 3-month period January, February, March—"1st quarter;" the 3-month period April, May, June—"2nd quarter;" etc.)

(2) The Bureau of Internal Revenue will notify the local Collector of Internal Revenue in your District that your Local Union has received exemption from payment of Federal Income tax and Social Security taxes on the pay of officers and employees amounting to $45.00 or less in a calendar quarter.

(3) When your Local Union pays an officer or an employee more than $45.00 for any calendar quarter, such pay must be reported quarterly to the Bureau of Internal Revenue and Social Security taxes paid on these wages.

If you have any further questions on the matter get in touch with your local Collector of Internal Revenue in your District or write the Labor Information Division, Social Security Board, Washington, D. C.

Fraternally yours,

C. W. Sickles

Dear Sir and Brother:

On their way up from the A. F. of L. Convention held at New Orleans, La., International President Mullaney and Secretary-Treasurer Sickles stopped off at Memphis and paid Local No. 90 a very welcome visit.

Brother Mullaney gave us a very inspiring talk on the place held by the Asbestos worker on the Defense Program.

His talk was straight from the shoulder; no "flag waving" or barrel thumping, just plain old Americanism.

I'll not try to quote from his talk, or repeat any part of it. I can not do it justice. I only hope that Brother Mullaney will give that same talk to other Locals who have Defense projects in their territories.

I am enclosing photograph taken at this meeting which I trust you will find space for in the next Journal issue.

Thanks for the visit. Hope you had a pleasant journey home. Local No. 90

Dear Sir and Brother:

If it isn't too late please publish this in the January issue of the Journal.

We, of Local No. 53, desire to thank Secretary-Treasurer Sickles for the splendid work he accomplished for us while in New Orleans by having our 1941 Joint Trade Agreement signed.

Agreement as follows: Mechanics, $1.50 per hour; Improvers, 1st year 60c, 2nd year 75c, 3rd year 87½c and 4th year $1.00; $14.00 per week board, traveling time and transportation; ratio of Improvers to Mechanics reduced.

Dear Sir and Brother:

Local No. 43 was delightfully surprised by a visit from our International President Mullaney, who was accompanied by International Secretary-Treasurer Sickles and Vice-President Hoff at our last Local meeting, December 20th.

President Mullaney gave some very sound advice on trade matters and told about some of the difficulties the "old timer" had in the early days of the organization of the "Asbestos Workers"—or "Salamanders" as they were first known.

After hearing a description of some of the struggles they had in carrying the "torch", a thinking person cannot help but come to the conclusion that the present-day members of our Union certainly have it "pretty soft" with our present high wages and excellent working conditions and we should indeed be very grateful to President Mullaney for his skillful guidance of our Union through all these years of steady progress our Organization has made. We should be very thankful that our President has such capable assistants as comprise the present General Executive Board.

Local No. 43 is also very grateful to you, Brother Sickles, for your assistance in smoothing out any misunderstandings with some of our local Employers, and were it not for your help, I doubt if some of our Employers would have signed our new agreement so readily.

Brothers Mullaney, Sickles and Hoff also attended the New England States Conference meeting at the Hotel Highland the next day and the delegates to the Conference received the usual good council and advice from our International Officers in attendance. We will all look forward to another visit from our distinguished visitors.

Fraternally yours,
JAMES J. DUNN,
Recording Secretary, Local No. 43.

In all cases where our affiliated Locals, after having exhausted the supply of their regular membership, fail to recruit the sufficient number of plasterers required locally they shall immediately contact the General Office where the necessary arrangements will be made to man any and all operations in accordance with the existing Agreement.

MINUTES OF MEETING OF NEW ENGLAND STATES CONFERENCE OF ASBESTOS WORKERS

Weathersfield, Conn., December 30, 1940.

The quarterly meeting of the New England States Conference of Asbestos Workers was held Saturday, December 21, 1940, at the Highland Hotel, Springfield, Mass.

Delegates present were: Anton Sevelius and James Dunn, Local No. 43, Springfield, Mass.; International Vice-President John W. Hoff, Local No. 6, Boston, Mass.; Ernest Carlson and Oscar Nelson, Local No. 31, Providence, R. I.; Charles Soelch and John A. Gaspic, Local No. 33, Connecticut.

Also present were: General President Joseph A. Mullaney and International Secretary-Treasurer C. W. Sickles.

Meeting was called to order by President Anton Sevelius at 10:30 A. M.

Minutes of the last Conference meeting held at the Biltmore Hotel, Providence, R. I., September 21, 1940, were read and approved.

Call for the meeting was read and with no objection the Chairman ordered same placed on file.

Delegates Carlson and Nelson, Local No. 31, reported that work had been very good during the past quarter and expected the next quarter would be the same. Supplying the demand for men was the main worry of the Local and after exhausting Sister Locals of loafing membership issued 12 Permits to former and lapsed members. Action is to be taken at Local's next regular meeting on possible reaffiliation of these men.

Delegates also report on re-signing Agreement for the new year

Published by AsbestosClaims.Law
asbestosclaims.law/library/21446/20

beginning November 1, 1940, with no change whatsoever over Agreement of the previous year.

Delegates brought forward the question of letting Improvers, during the current rush, take examination for Mechanic's Card before their time, and General President Mullaney advised all delegates to stick to the International By-law governing same, which states, "Improvers shall serve a four (4) year period at the craft, after which they shall stand Mechanics examination."

Delegates Soelch and Gaspic, Local No. 33, reported business since the last Conference meeting as very good and should continue so through the Winter. Have 12 Housing Projects and a few Defense Program Projects throughout the State.

Delegates also report that Local membership is growing with six Improvers who, having completed 4 years at the Trade, have taken and passed their Mechanics examination and are being replaced with new Improvers. At the moment have 4 young men working on Permit, pending action of Local on acceptance for membership.

Delegates further report that at the Submarine Base, New London, Conn., where the General Contractor had solicited Asbestos Workers direct, job is being manned through recognized and approved Insulation Contractors.

Delegates also report on the difficulty with an out-of-town Employer, newly in their territory, who insisted on violating the clause pertaining to sewed canvas, in the International Code of Workmanship, but after some debate agreed to and ordered the job completed according to the Specification and the Code.

Delegate Hoff, Local No. 6, reported business as very good and cited the fact that for the first time since he has been Business Agent of the Local, the day room is actually clean of Asbestos Workers for days on end.

Delegate enumerated several large jobs now on and in the offing and predicted that Local membership will be steadily employed for some time to come.

Delegate also reported on the Army Base job at Falmouth, Mass., where the wage rate of Local No. 6 has been pre-determined as the rate on this job, while the job is actually in the territory of Local No. 31. Reported also on keeping in close touch with this job in cooperation with the Providence Local No. 31 Business Agent who, as a part-time Business Agent, is not in a position to give this project the attention it deserves.

Delegate reported, too, on having taken in 6 new Improvers for membership in the Local.

Delegate further reported on the unfairness of one of the Employers as regards the individual working ability of the members.

Delegates Sevelius and Dunn, Local No. 43, reported business as very good at the present time with the whole membership working and some Travelers called in to help out. Also had a few former members working on Permit pending action of Local body on reaffiliation. Have also called back members, out on Traveler, for the work closer to home.

Delegates cited a few of the jobs in the offing and agreed that Westover Field (Army Air Base) will take all of their membership and then some when it really breaks for the Asbestos Workers.

Delegates also reported on signing Individual Agreements with all their Employers for the new year beginning November 1st, as the Joint Trade Board is no longer functioning. The only change over the old Agreement being the clause pertaining to Board, where on jobs requiring same, a flat rate of $3.00 per working day will now be paid, instead of $2.25 per day and fare home weekends.

Published by AsbestosClaims.Law
asbestosclaims.law/library/21446/21

Delegates reported further that their biggest job had been supplying the demand for men and cited the complaints of two Employers regarding same and the tactics of one of the Employers who, upon getting the men from out of town, let them go after a couple of days. Secretary-Treasurer Sickles advised the delegates on the action to take when and if it reoccurs.

Delegates closed their report with assurance that their membership will live up to the International Code of Workmanship and especially to the clause governing sewed canvas.

A discussion was entered into by all delegates on the advisability of Locals No. 31 and 43 placing a paid Business Agent in the field to represent both Locals so as to police the territories and put a stop to the petty violations of the Code of Workmanship and Specifications, and all agreeing it would be for the best of all concerned.

A discussion also on the ratio of Improvers to Mechanics, Permit men in general and so-called Laborers was entered into and General President Mullaney advised all delegates on same.

International Secretary-Treasurer Sickles then advised on his activities relative to War Department contracts where Insulation is involved and all delegates vitally interested.

With no further business and upon motion meeting adjourned at 1:15 P. M. and all present to dinner as guests of Local No. 43.

Respectfully submitted,

JOHN A. GASPIC,
Secretary.

Delegate Poole, Local No. 20, Charleston, S. C., reported that all members were working plus some travelers and would need several more for work being done at the Parris Island Marine Base, a large Housing project, and several other jobs.

Delegates Irons and Hoffman of Local No. 48, Atlanta, Ga., reported that all members were working plus a few travelers and that conditions were very good and the future promising.

Delegate Pose, Local No. 55, Mobile, Ala., reported that all members had been working for some time and that conditions appear favorable for the future, with one or two power house jobs and many other smaller jobs.

Delegate Prim, Local No. 61, Charlotte, N. C., reported that all members were working, with some of the members out on travelers, but that several good sized jobs are to be started after the first of the year.

Delegate Evans, Local No. 67, Tampa, Fla., reported that all members were working and would need some travelers at a later date for work slated to start on a power house and six marine boats, plus several small jobs.

Delegates Howell and Brackett of Local No. 78, Birmingham, Ala., reported that all members were working and that conditions seemed promising for the future, with a large Housing project and several other jobs to be started soon.

Delegate Crafton, Local No. 86, Nashville, Tenn., reported that most of the members were working in town or on travelers, with several jobs to be started in the near future.

During the Conference the question in regard to the shortage of asbestos workers arose. The delegates were advised by President Mullaney to employ "Union plasterers only" when Union asbestos workers were unavailable. Plasterers who are called for asbestos work shall be given a working permit free of charge.

Both President Mullaney and Secretary-Treasurer Sickles advised strongly against overloading the Locals with non-skilled new members.

The delegates were also advised to work and cooperate with the National Defense Program.

The business of the meeting having been completed, motion was made and seconded to adjourn at 5:30 P. M.

The delegates of the Conference wish to thank our International President Mullaney and International Secretary-Treasurer Sickles for being with us and hope to have the honor of their presence again soon.

The Atlanta delegates hope that all delegates and members attending the Conference enjoyed their stay and extend to them and all the members of the Asbestos Workers Unions a very happy New Year.

Respectfully submitted,

H. M. HOFFMAN,
Secretary, Southeast States Conference.

MINUTES OF MEETING OF NEW YORK STATE CONFERENCE OF ASBESTOS WORKERS

West Albany, N. Y., December 31, 1940.

The regular quarterly meeting of the New York State Conference of Asbestos Workers was held at the Onondaga Hotel, Syracuse, N. Y., December 14, 1940.

The meeting was called to order at 10:00 A. M. by President Charles C. Rice. The following delegates responded to the Roll Call: Charles C. Rice, Local No. 4, Buffalo, N. Y.; George Rider, Local No. 12, New York, N. Y.; P. O'Connor, Local No. 12, New York, N. Y.; B. Beikirch, Local No. 26, Rochester, N. Y.; George Sherbyn, Local No. 26, Rochester, N. Y.; Paul J. McCormick, Local No. 30, Syracuse, N. Y.; P. Hannon, Local No. 30, Syracuse, N. Y.; John C. Fallon, Local No. 40, Albany, N. Y. International President Joseph A. Mullaney also attended. Bills were read and upon motion were ordered paid.

The minutes of the last meeting were read and upon motion were ordered approved.

The credentials of Bros. P. J. O'Connor of New York City and Patrick Hannon of Syracuse, N. Y., were received and the delegates were ordered seated.

Delegate Rice of Local No. 4, Buffalo, N. Y., stated that conditions in the Buffalo area are excellent at the present time.

The Standard Oil and the General Plastic jobs are still operating and the membership of Local No. 4 are doing all of the maintenance work in connection with these two jobs.

There is also a fairly good sized job coming along at the Bethlehem Steel Company and the members of Local No. 4 are to do the insulation work on this job including the maintenance work also.

Additional work in the Buffalo area includes two new Aircraft manufacturing plants and two large munition plants which will come along later.

Delegate Rice stated that there is sufficient work for his membership at the present time but when these Aircraft and Munition plants are ready, he will need a considerable number of extra men to do this work.

Delegate O'Connor of Local No. 12 of New York City stated that all the members of Local No. 12 are at work with the exception of about 30 men and these men could secure work if they wished to leave the City. There is considerable work in cities adjacent to New York but very little work in New York City proper.

Delegate O'Connor also stated that the shops in New York City are operating at their peak at the present time. There is considerable work in the shipyards and the Mundet Cork Corporation has one contract for the insulation work on 150 vessels.

He extended the Season's Greetings from Local No. 12, and thanked all the delegates for past favors.

Delegate Beikirch of Local No. 26, Rochester, N. Y., stated that conditions in Rochester are fairly good at the present time. There are about 60% of the men employed and the remainder could secure work in other localities if they cared to leave town.

He also stated that Local No. 26 would ask the employers for an increase in wages. This increase is to be from their present rate of $1.37½ per hour to $1.50 per hour, with a proportionate increase for Improvers, but with board allowance to remain as it is.

Delegate Beikirch reported on the non-union conditions existing in the Corning Glass Works at Corning, N. Y., and stated that the settlement that was made has not proved satisfactory to him and there is still some difficulty over non-union labor. This problem is to be dealt with by our International Association in the near future.

Delegate McCormick of Local No. 30 of Syracuse, N. Y., reported that conditions are satisfactory in the Syracuse area, with the total

membership and some outside members employed at the present time. There is considerable work to be done in the new Power House at Oswego, N. Y. The first unit remains to be finished and the second unit is expected to be started in the near future.

The prospects for future work are fair and there is some work coming along at the present time including a new Power House at the Binghamton State Hospital, Binghamton, N. Y., and a new building to be constructed by the International Business Machine Company, also of Binghamton, N. Y.

Delegate Fallon stated that conditions in Albany, N. Y., are excellent with all members at work and an additional ten men are here from other Locals.

Prospects for future work are good at the present time to keep all members employed for the next few months.

A discussion was held relative to securing employment for idle members in Locals within the New York State Conference. It was decided that in the future anyone could secure our unemployed members by contacting the Secretary of the Conference and the following motion was made to take care of the situation.

A motion was regularly made and seconded that the Business Agents of each Local notify the Conference Secretary the number of idle members in their Locals each week. Whenever the Conference Secretary receives a request to supply men, he will then contact the Business Agents of their respective Locals who in turn will send the men wherever they are needed. Carried.

President Mullaney addressed the Conference and spoke on an agreement consummated by the International Association of Heat and Frost Insulators and Asbestos Workers and the Operative Plasterers' and Cement Finishers' International Association. He stated that this agreement provides for the use of Plasterers as emergency men whenever Asbestos Workers are not available.

He also spoke of a similar emergency which existed in 1918 during the World War when President Wilson called together all the Labor Leaders for the purpose of expediting construction so essential to the War Industries of that day.

It was during this period in 1918 that the original agreement came into being and it proved to be beneficial to both the Asbestos Workers' and the Plasterers'. It is a well known fact that hundreds of Plasterers were employed as Asbestos Workers during the World War. When the war ended, the plasterers returned to their own craft and the Asbestos Workers still retained their original membership and were free from the troubles which beset so many other International Unions, namely, too many members.

President Mullaney mentioned that by following out this program the Asbestos Workers were not able to erect a fine building, monuments, or to have millions of dollars in their treasury, but it is noticeable today that gray-haired men are still at work and some have passed their seventieth and even their eightieth birthdays, which proves the wisdom and foresight of this agreement.

President Mullaney then suggested that the Conference stand in reverent silence for one minute in respect of those of our International who have departed this life during the year.

A motion was made and seconded that the Secretary extend the Season's Greetings to the International Association and its Officers.
