Wednesday Afternoon—March 12, 1941

The session was called to order by President Mullaney at 2:30 p. m.

Present and answering roll call were: Mullaney, Mulligan, Dalton, Hennig, Hoff, Hunter and Sickles.

The following business was transacted:

The Board considered the question of the application of glass insulation and testimony given in relation to same coming from both Union and non-Union men who applied it, one of whom, a member of an affiliated Local Union in the employ of a shop with a signed International Agreement, appeared and testified that as a result of severe skin irritation the shop in question sent him to the city hospital for immediate treatment, after which the shop's compensation Doctor informed him he would have to quit this class of work.

The Board wishes to deny a rumor that it or any of its individual members ever placed official approval on the working of glass insulation or that it ever gave a decision forcing our membership to work it and that it will not give a decision on this particular question at this time.

It further would have our general membership understand that our affiliated Local Unions, under the law of Local autonomy, may decide for themselves as to whether or not working glass insulation is a hazard and whether they shall work it and can further decide, should they do so, whether it shall be for the regular wage rate or an increased wage rate.

The Board then referred the subject of glass insulation application to the 1942 Convention for consideration and final action.

In the meantime, it requests that all affiliated Local Unions canvass their membership with a view of ascertaining the ill effects, if any, contracted in the application of glass insulation and send the records of same with their delegates to the 1942 Convention.

Should a Local Union vote against the working of glass insulation it should be understood that said action shall not apply to Defense projects.

To those Local Unions whose membership work glass insulation the Board suggests that their membership adopt the precautions taken by our membership on the Edison Power House, New York City, where the employer, at his own expense, furnished respirators for mouth and throat protection, goggles for eye protection, cloth gloves for the handling of glass insulation and rubber gloves for glass cement.

REPORT OF THE GENERAL PRESIDENT

Washington, D. C., March 31, 1941.

To the Officers and Membership, Affiliated Locals:

Greetings:

The activities of your President during the past quarter began at the General Office where the ever increasing details connected with Defense operations received the attention of your Secretary and President.

Then came attendance at the funeral of Mrs. John P. Coyne, wife of President Coyne of the Building and Construction Trades Department, on which occasion Secretary Sickles and your President represented our International Association.

Next came the meeting of the New York Joint Trade Board which your President, upon invitation, attended and participated in the preliminaries preceding the acceptance of the International form of Joint Trade Agreement.

Then with Secretary Sickles to Cleveland, Ohio, a conference with Vice-President Dalton and a meeting of Local No. 3.

Later came a conference with Secretary Gamble and Business Agent Rice of Local No. 84, Akron, Ohio.

Then to Lansing, Mich., with Vice-President Dalton and a meeting with the Officers and Executive Board of Local No. 47.

The next stop was Detroit, Mich., with Vice-President Dalton and a meeting with the Officers and Executive Board of Local No. 25.

Then to Middletown, Ohio, where Secretary Sickles and your President held a conference with Secretary T. A. Scully at the General Office of the Operative Plasterers' and Cement Finishers' International Association.

Next came Dayton, Ohio, and a meeting of Local No. 79, the results of which caused the General Executive Board to again place the Local under International Supervision with Business Agent Yount as Supervisor.

Then to Cincinnati, Ohio, and a conference with Business Agent Dwelly and former Business Agent Sullivan, later followed by a special meeting of Local No. 8.

The next jump was to Louisville, Ky., and a conference with a committee representing the Local and the representative of a local shop which ironed out a few existing misunderstandings. Then came a conference with Business Agent Herbold later followed by a meeting of Local No. 51.

The next stop was Evansville, Ind., and a conference with the officers of Local No. 37 and Mr. Reisinger of the General Asbestos & Insulation Company at which the Carey representatives of Evansville, Ind., and Louisville, Ky., were present. This conference was held to determine just what connection, if any, existed between the General Asbestos & Insulation Company and the "Jim Crow" non-Union insulation company, the results of which were reported to the General Executive Board.

Later came a visit to the Tri-State Asbestos Company shop and a conference with Mr. Green.

The next stop was Charleston, W. Va., and a conference with Busi-

ness Agent Adkins, President Cairns and Secretary Andrews of the State Federation of Labor and A. F. of L. Organizer Ryan and later with them to meeting of unorganized Asbestos Workers from the Kanawha Valley chemical plants who had previously applied for charter. These men, representing but a portion of those now employed on new work drawing near completion, frankly admitted that their only interest in a charter centered in the fact that they could procure Traveling Cards. This fact coupled with the additional fact that there was no way to determine their Trade experience or skill, naturally led to the action of the General Executive Board that denied the charter issuance.

Then back to Washington and the General Office.

Next came a meeting with the officials of the Owens-Corning Fiberglas Corporation at New York City in connection with the complaint of Rochester Local No. 26 at which time it was agreed that a committee of two from Local No. 26 would be permitted to visit the Corning Glass Plant at Corning, N. Y., and measure the amount of work applied by non-Union Asbestos Workers as a preliminary to a wage loss settlement. Business Agent Beikirch of Local No. 26, one of this committee, later reported to both the New York State Conference and the General Executive Board that he was refused permission to enter the Corning Glass Plant.

Then came the special meeting of Local No. 12 which decided to renew the present existing Joint Trade Agreement with an Improver ratio change from one to one to two to three. This Agreement carries on under the old conditions of a 6-hour working day and a wage rate of $2.00 per hour for Mechanics and $1.50 per hour for Improvers.

Next to Trenton, N. J., with Secretary Sickles and attendance at the session of the Middle Atlantic States Conference.

Then to Jacksonville, Fla., and a special meeting of Local No. 13 which, after a 4-hour session, found the membership and Travelers in attendance much better acquainted with our Trade laws than they were before our visit.

Then back to Washington and the General Office.

Later came the annual session of the General Executive Board, the minutes of which are printed elsewhere in this Journal issue. The Board members accepted the invitation of Local No. 24 and attended its meeting, after which refreshments were served "and a good time was had by all".

Next came attendance at the services and funeral at Bayside, L. I., of John Gray, International Representative of the Bricklayers and Vice-President of the New York State Federation of Labor, on which occasion your President represented our International Association.

Next with Secretary Sickles to the meeting of officials of all National and International Building Trades organizations which subscribed to a resolution presented them by the Executive Council of the Building and Construction Trades Department which outlawed the collection of fees, donations or monies of any description in connection with so-called Permits or Working Cards issued to non-Union men on Defense projects together with a resolution which bans the stoppage of work over the question of jurisdiction on Defense projects.

Fraternally,

Joseph A. Mullaney

President.

Frank W. Leahy

As the world of sports, particularly all college students and followers, know Frank Leahy is now the athletic director and head football coach at Notre Dame and that he was a member of the famous undefeated Rockne team that represented Notre Dame in 1929 and 1930. However, what very few of them know is that Frank came up the hard way and, as a consequence, was forced to work his way through college. During the summers of 1929 and 1930 he worked as an Improver under Vice-President Mulligan on the power house at Waukegan with Moon Mullen, Jack Cannon, Tommy Yarr, Marchie Schwartz and Joe Savoldi, who were the mainstays of Rockne's unforgettable team.

The years that followed have cemented the close friendship existing between Frank and Hughie with Frank a frequent and welcome visitor at Hughie's home. He is now 32 years of age and is the same regular guy that he was when working in the overalls with the membership of Local No. 17. To prove this fact is only to mention that the night he signed his contract with Notre Dame, which carried with it a salary reputed to be at between ten and fifteen thousand dollars a year, he had dinner with Hughie and his wife, Mae, at South Bend. Well Frank, old pal, the Asbestos Workers throughout the length and breadth of the land wish you the best of luck and plenty of it in the coming season and those that are to follow and want you to feel and know that their hopes for victory will be with you riding high and their wagers lying on the line every time our team "The Irish Take the Field". Now Frank, old pal, "keep an eye on" Steve Judwick, now on your team, the fellow who followed in your footsteps and worked as an Improver under Hughie in the summer of 1938.

The activities of your Secretary-Treasurer away from the General Office during the past quarter, in accordance with instructions of President Mullaney, began with meeting with Organizer John Frock of the Operative Plasterers' and Cement Finishers' International Association at Washington and together with him to Hattiesburg, Miss., where we were joined by Organizer Hullinghorst and spent a day at the Camp Shelby cantonment on issues affecting both the Asbestos Worker and the emergency Asbestos Worker from the ranks of the Plasterers' employed on this project, which conference resulted in the adjustment of the issues involved to the satisfaction of all concerned.

Then with Organizer Hullinghorst to Little Rock, Ark., and a special meeting of Local No. 10, at which time the officers and membership were advised in connection with certain issues affecting our membership employed on the Camp Robinson cantonment.

Next with Organizer Hullinghorst to New Orleans, La., and conference between Local No. 53 employers and Agreement Committee of the Local Union which resulted in adopting a new Joint Trade Agreement which, among other things, provided increase in wage rate in the amount of $1.00 per day.

Next came a trip through the mid-west in company with President Mullaney, details of which will be found in the President's report.

Then to Trenton, N. J., and attendance at the regular Middle Atlantic States Conference meeting, minutes of which will be found in this Journal issue.

Next with President Mullaney to Jacksonville, Fla., and a special meeting of Local No. 13.

Springfield, Mass., came next and together with Vice-President Hoff attended regular meeting of Local No. 43 at which time the Local was properly advised as to procedure during the present emergency and the proper securing of such additional help as may be required.

Then came regular quarterly meeting of the New England States Conference, minutes of which will be found in this Journal issue.

Wilmington, Del., March 25, 1941.

The regular quarterly meeting of the Middle Atlantic States Conference was held at Hiel's Hall, Trenton, N. J., on March 1, 1941.

After reminiscing with Bro. Mullaney on their past association, Bro. Burns left the gathering to fulfill duties in connection with his present duties as City Clerk of Trenton, N. J.

Bros. Mullaney and Sickles, after promising to attend future meetings of the Conference, then left for the South in the interest of the Trade.

MINUTES OF MEETING OF NEW YORK STATE CONFERENCE OF ASBESTOS WORKERS

West Albany, N. Y., March 24, 1941.

The regular quarterly meeting of the New York State Conference of Asbestos Workers was held in the Onondaga Hotel, Syracuse, N. Y., March 8, 1941. The meeting was called to order at 10 a. m. by President Charles C. Rice.

The following delegates responded to the roll call:

Charles C. Rice, Local No. 4, Buffalo, N. Y.
George Rider, Local No. 12, New York, N. Y.
P. O'Connor, Local No. 12, New York, N. Y.
B. Beikirch, Local No. 26, Rochester, N. Y.
George Sherbyn, Local No. 26, Rochester, N. Y.
Paul J. McCormick, Local No. 30, Syracuse, N. Y.
P. Hannon, Local No. 30, Syracuse, N. Y.
John C. Fallon, Local No. 40, Albany, N. Y.
International President Joseph A. Mullaney also attended.

All bills were read and upon motion were ordered paid.

The minutes of the last meeting were read and upon motion were ordered approved.

Delegate Rice of Local No. 4, Buffalo, N. Y., reported that conditions in the Buffalo area are good, with all men working, and a few men are at work in other localities.

There will be considerable work ready within a short time as the Buffalo General Electric Co. has recently awarded a contract to the Stone & Webster Co. for the erection of two new boilers. Work is about ready to start on the Bell-Air Aircraft plant.

Delegate O'Connor of Local No. 12, New York City, stated that conditions are fair in the New York area, with about 50% of the members working in New York City and the remainder at work in adjacent territories. There are about 30 men out of work at the present time and these men could secure work if they wished to leave the city.

Delegate O'Connor also stated that Local No. 12 has recently signed a new agreement which calls for Two Dollars per hour, six hours per day. The ratio of Improvers is to be 2 to 3.

Delegate O'Connor expressed the thanks of Local No. 12 to the Conference for its support in their negotiations of this new agreement.

Delegate Beikirch of Local No. 26, Rochester, N. Y., reported that con-

ditions in Rochester are poor at this time, with but 15% of the membership at work in the Rochester area and the remainder of the Local at work in other sections throughout the country. Prospects for the future are poor but there is a possibility that conditions may improve next summer. He also stated that Local No. 26 recently signed a new agreement with an increase of 5c an hour and a proportionate increase for Improvers. The ratio for Improvers is 1 to 3, and the rest of the Agreement remains as it was.

Delegate Beikirch further reported that in accordance with an understanding reached between officials of the Owens-Corning Fiberglas Company and President Mulaney, his committee from Local No. 26, visited the Corning Glass Works at Corning, N. Y., for the purpose of measuring the pipe covering applied on the new piping in this plant by non-union Asbestos Workers. After calling at the office and stating his mission, he and his committee were denied admittance to the plant on the pretext that the Federal Bureau of Investigation would not sanction the committee entering the plant.

Delegate McCormick of Local No. 30, Syracuse, N. Y., reported that conditions are excellent at the present time. All men are at work and there seems to be sufficient work to employ all members for some months to come. The Oswego Power House remains to be finished and there is a considerable number of new jobs, among them being the International Business Machine job at Endicott, N. Y., the Eclipse Machine Co., Elmira, N. Y., the Remington Arms Co., Ilion, N. Y., and the large Army Barracks at Pine Camp, N. Y.

He also stated that Local No. 30 has submitted request to the Employers for an increase in wages from Eleven to Twelve Dollars per day, with a proportionate increase for Improvers and board to be increased to Three Dollars per work day.

Delegate McCormick requested the support of the Conference in their request for these increases, which request was unanimously granted.

Delegate Fallon of Local No. 40, Albany, N. Y., reported that conditions in Albany are good and all members are at work. There are a number of jobs about ready to start, among them being two new buildings at the General Electric Co., Schenectady, N. Y., a new power house at the State Training School, Hudson, N. Y., and a new addition to the Gideon Putnam Hotel, Saratoga Springs, N. Y.

A motion was regularly made and seconded that J. C. Fallon be delegated to represent the New York State Conference of Asbestos Workers to the New York State Federation of Labor Forum to be held in Albany, N. Y., March 12, 1941. Carried.

A motion was regularly made and seconded to instruct the secretary to write to Local No. 12, New York City, for its printed list of signed contractors in numbers sufficient to supply all Locals in the State Conference. This motion was amended that the secretary secure from all Locals in the Conference a list of their signed contractors in sufficient numbers to supply each Local in the Conference with a copy. Carried.

International President Mullaney addressed the Conference and gave the delegates a short talk on Unionism and the conditions we are enjoying today. He also spoke on our present agreement and of the battle it took to secure this agreement in its present form and further stated that agreements like this don't come to you like the weather. They must be worked and fought for. It is a constant struggle to keep what you have gained.

The business of the Conference having been completed, motion was made to adjourn at 3 p. m. Carried.

Respectfully submitted,
JOHN C. FALLON, Secretary.
